Dr. L.J.S. Mann
Message of the Vice Chancellor

It gives me immense pleasure to greet and welcome you to SGT (Shree Guru Gobind Singh Tricentenary) University at Budhera, Gurugram, Haryana, which was established in 2013 to provide quality education in all branches of knowledge.

Dashmesh Educational Charitable Trust, under the able guidance and dynamic leadership of Shree Mannohan Singh Chawla, came forward by carving a niche in higher education by establishing this university for the benefit of the people of Haryana and the National Capital Region, in particular and for the country at large. This notable initiative is contributing towards the socio-economic and educational development of this region.

I, on behalf of the staff, especially the Faculty members of the University, assure that we will leave no stone unturned to realize the aims and objectives set by the University. We are committed to empower our students with knowledge, skills and vision to meet the emerging challenges and opportunities of the world. I am confident that the product of this University that marches out of it, is market-ready and competent to serve the nation and the society with zeal.

I extend my best wishes for the success of every student who joins this University.

PROLEGOMENON

SGT University (Shree Guru Gobind Singh Tercentenary University) was established in Jan. 2013 with the avowed objectives of following and propagating the message and teachings of the tenth Sikh Guru, Shree Guru Gobind Singh ji that "the spread of Gyan is the highest service to mankind", which can be best achieved through specialized and quality education. The University dedicates itself to achieve its vision, mission and objectives through academic excellence in all spheres of knowledge.

The SGT University, spread over 60 acres of fully-development institutional land in Bhudhara, Gurgaon, has a lush green campus with modern infrastructure and excellent academic aura. In keeping with its vision and mission, the campus has been designed and developed with great sense of aesthetics to provide eco-friendly environment and ambience to stimulate hunger for learning. The University is located in the National Capital Region—it is less than five kilometers from Delhi border at Daurala- and has an easy and convenient access from I.G. International Airport.

As a temple of education, this University aims at producing world class academicians and leaders in all spheres of life by embedding in its students high moral values, commitment to excellence, and zeal for incessant pursuit of knowledge. Apart from this, the intensive personality development and mentorship programmes are offered by the University to mould its students into competitive human resource and inquisitive minds.

UNIVERSITY FACILITIES

The SGT University offers a multitude of programmes under the aegis of its faculties. The brief description of various faculties, given hereunder, provides an insight about the strengths of this University.

FACULTY OF LAW

Due to increasing global and multidimensional significance for the society, economy, polity, corporate sector, technological and environmental concerns, health care, and other national and international unlisted issues, legal education has assumed greater importance and has become the backbone of the entire system.

The Faculty of Law at SGT University, Gurgaon was established in August, 2014. It was a humble beginning but we kept on building up the course curriculum to provide wider horizons. The Faculty is having spacious classrooms equipped modern gadgetry for effective delivery of content to students, well stocked library, computer centre with latest computers, wi-fi connectivity, separate common rooms for boys and girls and public convenience facilities.

In the academic session 2016-17, Faculty of Law, SGT University has become a preferred destination for the study of Law. There has been a quantum jump in the admission to these courses. This academic session more than 64 students have been admitted in BA LL.B. (Hons) course and about 30 students have been admitted in BBA LL.B. (Hons) course.

Our Faculty strives to achieve excellence in legal education through globally relevant programme, outstanding faculty, interactive teaching, extensive clinical training, intensive moot court sessions, varied internships and real world projects.

The curriculum is designed in such a manner, that it includes the latest areas which have developed in the field of Law. However teaching of law here is not limited to the class rooms. There is a continual organizing of seminars, conferences, extension lectures, visits and workshops to provide the students a wide interaction with the legal luminaries and exposure in those fields which they plan to pursue as their profession.

The Faculty of Law has already organised two "National Moot Court Competitions" in which students from almost 20 law schools across the country participated. Besides this, legal luminaries including Hon'ble Judges of the Supreme Court of India, Hon'ble Judges from various High Courts and Senior Advocates, have been kind enough to preside over many of our educational programmes.

The Orientation programme for 2016 batch of Law Students was presided over by Hon'ble Justice Dr. Dhananjaya Chandrachud, sitting Judge of Hon'ble Supreme Court of India. Faculty of Law is fortunate to have as its Advisor, a retired Judge of the Delhi High Court, Hon'ble Justice V.B. Gupta. Besides this, our faculty comprises experienced Professors, Teachers, Researchers and people who are dedicated to train young lawyers to suit the modern day legal needs. The students adorned with these degrees will find career opportunities in many areas such as Judiciary, Legal practice in courts, teaching, research, career opportunities in Private, Public sector as well as Advisors/Consultants, etc.

QUALITY PLACEMENT @ Faculty of Hotel & Tourism Management

The hospitality industry is a people and service-oriented business. Individuals trained in hospitality programs manage operations where food, lodging or both are provided. These may include luxury, full-service, convention, all-suite, mid-scale and budget hotels, motels, resorts, conference centers, inns, bed and breakfasts, and airline operations.

The Hotel Management degree program has superior network with Hospitality industry to increase student awareness of the complexity of the hotel functioning and provide hands-on opportunities to get trained. The hotel allows hotel management students to 'test the waters' of the hospitality industry. Besides this, a dedicated Corporate Relationship Cell of the University continuously strives to bridge the gap between the Industry and the Faculty by organizing Industry Visits, Workshops, Seminars, Demonstration cookery classes etc in liaison with Industry exponents. The Faculty has excellent network in place to get the students get placed in the best of Hotel Brands from Taj, Oberoi to ITC and Radisson for Industrial Training and Final Placements. The demand for better qualified and professionally trained hospitality managers continues to increase. Social, technical and demographic changes suggest that the industry's growth will extend well into the 21st century.

We are offering an academic environment with creative focus and innovation to meet the current demandable requirement of the students to become excellence performance towards fashion & future.

The Faculty of fashion & Design has latest infrastructure equipped with modern class rooms, project based lecture, labs with advanced machineries. Teaching pedagogy supplemented by interactive Programmes with renowned fashion professionals for the holistic development of students.

Specialization (i) Apparel Design

Apparel design is essentially the process of creating designs for textile knitted and leather garments.

India's apparel sector is one of the oldest industries in Indian economy dating back several centuries. Even today the sector is one of the largest contributors to India's Exports and this sector has one of the largest employers. So, this course provides you the broader platform in fashion design industry.

Specialization (ii) Life Style Products Design

Life style products is an item used to contribute as a value addition to the wearer's outfit, often used to complete an outfit and chosen to specifically complement the wearer's look. Life style products can be loosely categorized into two general areas: those that are carried and those that are worn. Traditional carried life style products include handbags, purses, pouches etc. Traditional worn lifestyle products include footwear, belts, hats etc.

Luxury Handbags/Purses

Handbags are very important. Everybody spend nearly every waking hour thinking and creatively fantasizing about great handbag designs.

You hug and hold your bag for a bulk of your day, when you are out of your house and on the move. It has a very intimate relationship especially for woman. You constantly showcase your handbag to your friends and everyone you meet. Handbags complete your personal style and overall outfit. Your handbag is a great way to affirm you personal style and your attitude and mood.

Footwear

"Well dress up", we may say after wearing the suitable footwear according to the dress.

The footwear design sector now operates in a very commercial global market, with emerging economics, for e.g. India and China. However, the strong growth of the UK service industry has led to the opening up of new markets and helped the footwear design sector to achieve a position of strength. The recognition of the importance of design, within the global market, has helped the sector to emerge into the stable position.

FACULTY OF AGRICULTURAL SCIENCES

Realizing the need and increasing demand of agricultural graduates and post graduates in public and private sectors and also more and more demand of agricultural produce and processed food, it was envisaged to start Faculty of Agricultural Sciences at SGT University. The cultivable area at the national, especially at the state level, due to diversion of arable land to urbanization, industrialization and other changes of land use (CLUs), has been squeezing year after year. Consequently, the need to produce more and more in continuously shrinking available cultivable land is increasing.

A well known fact is that our population has been increasing with such a pace that in times to come we will be the most populated country at global level. Another hard fact is that the productivity of major crops, especially of that of oil seeds and pulses has almost stagnated. Therefore, under the prevailing scenario we have not much scope to grow horizontally rather vertically.

To feed the increasing bellies from continuously squeezing land and tackling the issues like crop productivity etc., the emergence and adoption of innovative technologies and technical knowhow in the field of agriculture remain the only solutions of the problem. To achieve the desired and required targets, the need of hour is to prepare agricultural graduates and post graduates having latest knowledge along with innovative and modern research experience in agricultural and allied fields. The innovative and modern agricultural technology applied at farmer's field will ultimately help us in achieving the goals.

The Faculty of Agriculture at SGT University came into existence from academic session 2016-17. Initially the intake capacity of students in B.Sc. (Hons.) Agriculture was kept 60 which, keeping in view the overwhelming response of admission seekers, was raised to 120. The course curricula have been designed in such way that the graduates can compete with anybody and everybody in their field. The courses taught in this degree course equip the graduates to find career opportunities in educational and research field in public and private institutions, such as Agriculture Development Officers and Horticulture Officers in the State Department of Agriculture and Horticulture, respectively, Rural Development Officers in public and private sector banks, as Officers in Soil Conservation and Soil Testing Division in Agriculture Department and Technical Personnel in various fertilizer organizations. The graduates also can find various options in pesticides and seed companies, starting from Management Trainee to Marketing Officer in Marketing Division and Research Officers in Research & Development Division. They can also find employability as Technical Personnel in various food processing industries.

The faculty members, associated with FAS are scholars par-excellence in their respective field, and have been inducted from reputed institutes of India. The pedagogic approaches are experiential as well as student-centric. Students are involved in all practical activities right from field preparation (for planting etc.) until the last activity for growing crops. They are also made to experience practical aspects in the well equipped laboratories and farms in the respective subjects. The FAS library has a large collection of text books which has also a facility of 'book bank' system wherein students can borrow books for the current semester.

The faculty has also established 'Mentor-Mentee' System wherein the students are assigned a faculty member as their advisor. The mentor is a sort of local guardian of the students who shares and cares for all academic and non-academic issues relating to students and closely monitors the students for their all around development. The faculty advisors (Mentor) are the first contact point for the parents/guardians also to enquire regarding the performance and all other issues pertaining to their wards. So if you are the one who is planning to shape a career in the agriculture the Faculty of Agricultural Sciences at SGT is right destination for you.

FACULTY OF DENTAL SCIENCES

Faculty of Dental Sciences was started as S.G.T. Dental College, Hospital & Research Institute in the year 2002 and became a constituent Faculty of the esteemed SGT University from the academic session 2013-14. The Faculty of Dental Sciences, SGTU with its excellent infrastructure, state of the art equipments and well experienced and highly qualified faculty has carved a niche for itself in the field of Dentistry and is recognized among the top Dental Colleges across the country.

Courses Offered:

- BDS (Bachelor of Dental Surgery)
- MDS (Master of Dental Surgery) in all the nine specialties
- Ph. D in all the nine specialties

The Faculty of Dental Sciences, SGTU provides a very sound platform for the students to be academically strong and clinically competent.

Under Graduate Teaching Program (BDS) :

Before the students enter the clinics to treat patients, they are given pre clinical training including lectures, demonstration and complete practical training on dummies and phantoms mimicking the human oral cavity.

After a strong base, the students are given a wide exposure on patients in clinics. The Dental Hospital has an OPD of more than 600 patients catering to both rural and urban population. Each case is personally supervised by a highly qualified and well experienced faculty member and every student in the clinics is personally guided.

Post Graduate teaching Program (MDS):

The Post graduate program is designed to produce globally acceptable professionals who can choose to be competent clinicians, successful entrepreneurs, keen researchers or astute academicians.

The Post Graduate sections are fully Air Conditioned and equipped with all state of the art equipments. The institute has various fully equipped minor and major Operation Theatres where surgeries are performed on a daily basis.

The MDS Course is largely application based which includes Seminar Presentations, Journal Club Presentation, Clinical Case Presentation, Library Dissertation, Main Dissertation, and training in all advanced treatment procedures. The post graduates training is at par with the global standards.

Depending upon the specialty, the students are trained in all minor and major diagnostic and treatment methods .Eg: advanced diagnostic techniques, full mouth implants, sinus lift procedures, lasers, surgical procedures including cleft lip and palate surgery, esthetic rhinoplasty, reconstruction surgery, orthognathic surgery, pediatric treatment under conscious sedation, endodontic treatment with microscope etc.,.

Lasers and implants are the need of the hour and therefore, the institute has special DIODE units and procedures like gingival depigmentation, frenectomy, cron lengthening, gingivectomy etc can be carried out on day to day basis. Single to full mouth implants are done including sinus lift procedure, zygomatic implant etc.

Each Department organizes Continuing Dental Education (CDE) programs, Conferences, Guest lectures, talks etc, on a regular basis to keep the students and faculty updated. The Post graduate students and faculty members win awards and accolades at various National and International Conferences and PG Conventions every year.

Holistic Development of Students:

Besides academics, SGT University also organizes lot of Extra Curricular programs every year including Freshers Day , Diwali Fest, Hol Fest, Symphonious (Musical Fest), Musical Concerts by Celebrities etc.

FACULTY OF INDIAN MEDICAL SYSTEM

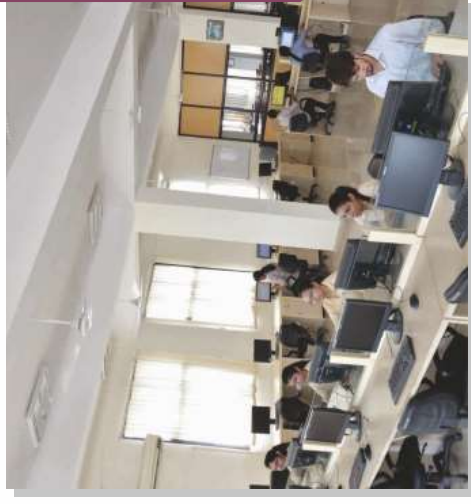

Ayurveda is a "Science of life" which adopts holistic approach towards the health of people and aims at preventing the diseases by following proper seasonal- dietary regimens, as well as curing the ailments by its unique "Samshodhana Chikitsa Karma "- The Panchkarma Therapy. There is great demand for its "Rejuvenating Therapy" -The Rasayan Chikitsa, which thus builds up strong immunity and vitality in the body. Currently it is an era of life style disorders like Diabetes Mellitus, Hypertension, Insomnia, Obesity, Stress etc. Ayurveda not only guides to live a healthy lifestyle but also has successful results on patients suffering from chronic ailments, psychosomatic disorders, infertility etc. in which the modern medicine has some limitations and Ayurveda, also helps counselling the patients over their dietary and daily routine habits in this context.

INFORMATION COMMUNICATION TECHNOLOGY (ICT) FACILITIES

Recognizing the importance of Information Communication Technologies (ICT) in education and research, the University has placed robust Campus Wide Wi-Fi network and Computer Labs equipped with latest computers and power back up systems in position. All the computers located in the offices, computer labs and classrooms are linked to the Campus Network. The students are provided internet access in the hostels as well as at learning places. It always remains the endeavour of the University to augment its ICT infrastructure and replace obsolete PCs and other equipments with the latest ones to match its growing academic and administrative needs. The Internet bandwidth is subscribed from three Internet Service Providers, namely, BSNL, Primenet and Tikon. As much bandwidth is subscribed as is necessary for our campus network users and we keep on enhancing it from time to time to meet the rising demand.

RESEARCH LABS, LECTURE THEATRES & SEMINAR HALLS

The University has integrated experiential learning as a prominent mode of teaching and modern course curricula matching international standards. For experiential learning, the laboratories have been equipped with advanced and sophisticated scientific equipments and instruments to provide stimulating environment to the students, particularly those who are pursuing postgraduate and research programmes and the teachers alike for advanced learning and creative activity. The University is committed to achieve excellence in research by providing supportive environment for research to flourish not only in all its faculties, but also in multidisciplinary groups. Similarly, the spacious lecture theatres are air-conditioned, well-illuminated, adequately furnished and equipped with multimedia teaching aids and ICT gadgets including internet connectivity for the best content delivery.

CENTRAL LIBRARY – THE TEMPLE OF LEARNING

The University Library—a knowledge shrine at SGT University and the hub of the academic and research activities—has a huge collection of latest books and national and international journals along with other learning resources, both in print and electronic forms. The reference collection includes a large number of reference books, handbooks, dictionaries and encyclopedias.

The digital library consists of CD-ROMs on a variety of subjects such as Medical Sciences, Dental Sciences, Allied Health Sciences, Management, Engineering, Computer Sciences, etc. In addition, more than 2200 e-journals are subscribed by the library which can be accessed round-the-clock from any node linked to the university network. All the functions and services of the library—cataloging and classification, check-out and check-in, information services and barcoding of books—have been fully automated. The internet lab attached to it has more than 50 nodes which are freely accessible to the teachers and the students for internet surfing right from its opening to its closure late in the evening.

The library has been professionally designed and has ample space and natural lighting for the comfort of readers. It can accommodate more than 450 readers at a time. The air-conditioned environment of the library provides serene and cozy atmosphere for serious study.

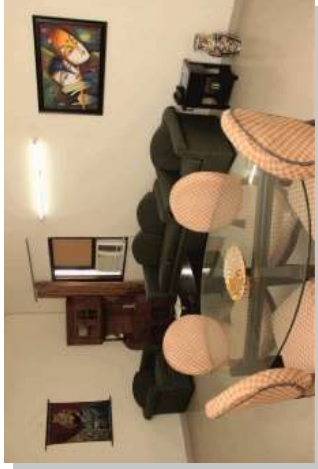

HOSTEL FACILITIES

Studying away from home opens up a world of exciting learning possibilities, but along with the excitement comes the anxiety about the unknown and the problems of adaptation to new environment, as a person treads upon his/her learning expedition. Living in a hostel is a great opportunity for the students to meet their compatriots, make new friends, and learn the chores of community life. Being a wonderful rendezvous for students from all over the country, they can learn about various states and expand their understanding about our wonderful country. In line with these aspirations and in order to shed off its students' worries and make them feel at home, this University provides high quality accommodation, separate for boys and girls, on shared basis, with clean and hygienic dining facilities. The rooms are well-furnished with a round-the-clock power back-up, treated & RO filtered water supply, and Wi-Fi Internet connectivity. The hostels are well-secured with CCTV cameras in position and Security Guards on 24X7 duty.

RESIDENTIAL ACCOMMODATION AND SHOPPING COMPLEX

Retention of staff, particularly teachers is a Herculean task. Making the accommodation available to staff is one of the important measures for the retention and stability of the competent, qualified and experienced staff.

Recognizing this doable necessity, the University has adequate residential houses in the campus for the teaching and non-teaching staff so as to keep them free from hassles of daily commuting so that they could concentrate their energies on their academic and office assignments and prove more productive for the University. The living accommodation on the campus is available for the asking. The houses have all sorts of amenities and facilities, and are well-furnished. Besides, a grocery shop, barber shop, fast food shops, vegetable shop, laundry, etc. are located in the vicinity of the residential and hostel complexes to cater to residents' day-to-day requirements.

TRANSPORT SERVICES

Despite the location of the University in the National Capital Region at less than 5 km. from Delhi border (Daurala), it supports a fleet of 38 buses and other vehicles for the convenience of the students, the faculty and the staff. Ambulance for to and fro free transportation of patients to the University Hospital are also available. Signboards depicting the directions to the University have been put at all important and strategic locations to help visitors to reach the campus with ease.
