Yearly report of the extension/Outreach Activities

Academic Year: 2019 – 2020

Shree Guru Gobind Singh Tricentenary, Gurugram established under the state private university Legislature dated: 24/01/2013 and duly notified under the section 2(f) of the UGC act, 1956 by its Apex regulator Universities grants commission, New Delhi.

The University, being a health Education Institution, is not only known for its best-in-class health education, research, and industry-ready students and innovators but also for its state-of-the-art infrastructure and other facilities.

SGT University has its commitment to society & nation building not through education but also by conducting several types of outreach/extension activities like community health camps, health & hygiene awareness activities, health check-up camps, various disease campaigns, mega awareness drives, environmental awareness, and screening camps, etc.

In the above context, in the academic year 2019-20, SGT University organized a total 83 outreach activities, wherein a total of 2574 students actively participated and provided support to society through these activities.

A detailed list of the activities is being notified with this report marked as **Annexure- III.**

Public Health Dentistry

1ST January 2020 to 31ST December 2020

SOCIAL RESPONSIBILITY

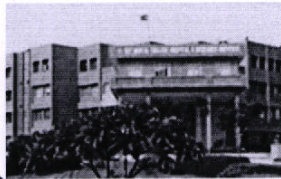

The branch of Public Health Dentistry deals with more of general dentistry at the out-reach levels and also with research on oral health care. The role of Public Health Dentist is equally important in today's world as we are able to make the dental care facilities available to the masses & needy people, to whom these services are not available at approachable & affordable standards. We at SGT University believe in planning and executing targeted goals so that we can perform our duties as health care clinicians to alleviate the enormous levels of dental diseases from all the age groups of the society.

The department is regularly conducting outreach activities on daily basis, thus providing screening and treatment for oral diseases in rural as well as urban areas in and around gurgaon-NCR. The objective behind such programs is to make the dental care facilities available to the masses & needy people, to whom these services are not available at approachable & affordable standards. The department has conducted around 25 camps during this period. Around 4000 patients were screened and treated for their ailments at the camp site. Also, the patients were referred to the Faculty of Dental Sciences, SGT University for further advanced care. We also collaborated with Colgate Palmolive Pvt. India Ltd. for conducting oral health screening exercise at various locations in National Capital Region. We conducted 210 such activities at various locations covering nearly 95319 school children from December 2019 till February 2020. Some of the outreach/ extension activities organized by the department are as follows:

School Health Related Activities

The Department of Public Health Dentistry of Faculty of Dental Sciences, SGT University in collaboration with **Colgate and Indian Association of Public Health Dentistry** conducted an oral health screening and awareness drive between 16th December 2019 to 19th February 2020 covering schools in various localities of Delhi covering School Children. The activity involved screening oral health education, distribution of Toothpaste and brush to the school children and insurance card worth 1000 /- Students and their teachers were instructed on the method of registration using the insurance card and how to avail the scheme. Numerous teams of interns and faculty members participated wholeheartedly in the drive on a daily basis to cover as many school children as possible in order to spread awareness regarding oral health at a young age and also motivating the children to brush twice a day so they remain free from oral diseases and have a healthy future.

EVENT NAME: Rally on "Say No to PLASTIC"

DATE: 17/10/2019

VENUE: DAULTABAD VILLAGE, GURUGRAM

AUDIENCE: VILLAGERS DAULTABAD VILLAGE

ORGANIZERS: Community Health Nursing Department

OBJECTIVE OF THE PROGRAMME: To sensitize the public about the facts, causes, harmful effects of using plastic, proper disposal of the plastic items and better alternatives to reduce the use of plastic.

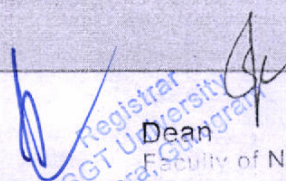

BRIEF REPORT OF THE PROGRAMME:

The Department of Community Health Nursing, Faculty of Nursing, organized a Mass Awareness Rally on "SAY NO TO PLASTIC" in Daultabad village, Gurugram on 17-10-2019.

Plastic bags are enemy to the environment, though it may look quite useful. The Rally sensitized the public about the facts, causes, harmful effects, of using plastic, properly dispose of the plastic items and better alternatives to reduce the use of plastic.

The rally was flagged off by Dr Rakesh Kumar, Medical Officer Incharge, PHC, Daultabad with a pledge to refrain from unnecessary usage of single use plastic. The rally marched from PHC Daultabad to village Daultabad and successfully conveyed the message of plastic ban.

EVENT: RALLY AND NUKAD NTAK ON HIV/AIDS

DATE: 2nd Dec 2019

VENUE: PHC DAULTABAD

AUDIENCE: GENERAL PUBLIC

ORGANIZER: CHN DEPARTMENT, FACULTY OF NURSING

BRIEF REPORT OF EVENT:

The Department of Community Health Nursing from Faculty of Nursing, SGT University organized a Mass Awareness Rally and Nukkad Natak on "HIV/AIDS" under the Theme of 'ENDING THE HIV/AIDS EPIDEMIC: COMMUNITY BY COMMUNITY' in Daultabad village, Gurugram on 02-12-2019. AIDS is the most advanced stage of HIV infection. Once HIV infection develops into AIDS, infections, and cancer pose a greater risk. Without treatment, HIV infection is likely to develop into AIDS as the immune system gradually wears down. However, advances in ART mean that an ever-decreasing number of people progress to this stage. The program was organized by the students of Bsc Nursing 4th year and M.Sc. Nursing students under the guidance of faculty members of the Community Health Nursing Department. The rally was inaugurated by Dr Rakesh Kumar, Medical Officer Incharge, PHC Daultabad.

The Rally sensitized the public about the facts of HIV/AIDS, and then Nukkad Natak gave information about the transmission of HIV/AIDS, treatment, prevention and Myths of HIV/AIDS. Around 50 villagers attended the event. Altogether the event was a success as many villagers came forward to interact and discuss about AIDS.

ORGANIZERS: Faculty of nursing organized role play on suicide prevention in school.

OBJECTIVE OF THE PROGRAMME: To raise awareness about suicide and its prevention in school going children.

AUDIENCE: Faculties, Students from Faculty of nursing and school children and staff.

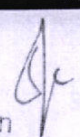

BRIEF REPORT OF THE PROGRAMME: The Nightingale association constituted under the Department of Mental Health Nursing has organized a Role Play on "Suicide Prevention" at Vishva Bharti Public School, Budhera, Gurugram on November 18, 2019. The program was organized by the students of B.Sc. Nursing 5th Semester, B.Sc. Nursing final year and M.Sc. Nursing (Mental Health Nursing) 1st year; 3rd Semester students under the guidance of faculty members of the Mental Health Nursing Department. It was attended by more than 102 school students and around 78 parents. It consisted of a role play, health education, and discussion with school students and their parents. Suicide prevention is one of the most important topics to be discussed with the youth of the country since they are the future nation builder. The program summed up with a vote of thanks.

CONCLUSION: At the end of programme students were aware about suicide and its prevention.

COMMUNITY ACTION GROUP

REPORT: VI: FIMS

SGT University, Gurugram

Registrar
SGT University
Budhera, Gurugram

✓

Community Action Group has been undertaking activities that increases the understanding, enacting and empowerment of communities in the design and delivery of services. Thus it includes a broad range of activities towards **Changing Community Knowledge** and understanding the '**Social Action**' or '**Community Engagement**' enabling community in action at large.

Community Action Group (CAG) of SGT University, with the able guidance of Prof. S C Mohapatra covers the arena of Health, economic, social, agricultural, environmental and community learning and often evolves collective action being taken at the grassroots level, to assist all-income individuals especially women, farmers and families to acquire useful skills and knowledge, so as to gain access to new opportunities and to achieve economic self-sufficiency. The major emphasis on women and farmer empowerment. It is the only programme of the University where the members from all the faculties and students such as medical, dental, ayurveda, physiotherapy, nutrition, nursing, and agriculture and environmental science visit the rural area to stimulate the villagers for a healthy and positive life.

SGT University with the help of **Community action group** is rendering **high level voluntary activities** such as **free health consultation** to the patients at their home, chaupal and anganwadi centre by the medical, dental and physiotherapy team. **Growth monitoring** in under 5 children and importance of **healthy diet** are being undertaken to **support ICDS services**. The CAG also provides **advocacy** on plantation and usage of different types of medicinal plants by the ayurveda team. **Educating** the farmers about the farming and correct usage of pesticides and manure as well as proper storage of crops are being done by the agricultural Faculties. Motivating the village women aiming **women empowerment** by making the beautiful decor items by dry flower technology has also been rendered by agriculture team. CAG has Motivated Twenty village women to initiate a food industry through Small Scale domestic Support Group to produce papad, vermicelli, pickles etc by nutrition team. Advocating the women regarding the correct usage of contraceptives and proper maintenance of menstrual hygiene and also included in the training of the school children. Students of four school and their teachers were trained regarding the CPR (cardiopulmonary resuscitation) by the nursing team. This has been highly accepted by the villagers. This would help increasing the life time of people who get heart attack and do not survive since care was not provided to them during the 'golden period' of survival. All these activities have benefitted the villagers in various ways.

Activities by Ayurveda Team

Ayurveda Team of CAG along with the students of BAMS 2nd year - Bhakti Bansal, Tanvi Arora, Nivedita Arora, Akansha visited Govt. Middle School and Govt. Primary School, Khera Khurrampur. Introduction of medicinal herbs was given to the students of 7th and 8th standard with their benefits. The student volunteers were chosen for synergy and were trained regarding the medicinal benefits of herbs as well. The students who were selected for Synergy event are as follows

- 1) Deepanshu (8th standard),
- 2) Saurabh (8th standard),
- 3) Deepak (8th standard),
- 4) Ishwar (7th standard)

Sapling / cuttings of *Tinospora cordifolia* (Guduchi / Giloya) from the SGT university were taken to the school and plantation was done along the school students. After plantation the students were trained about Guduchi – the medicinal herb along with its morphology, part used and its formulations.

Also the sapling of *Aloevera* from the SGT university were carried to the school and plantation was done along with the school students. After plantation the students were trained about Aloe vera – the medicinal herb along with its morphology, part used and its indications. The sapling of *Ocimum sanctum* (Tulsi) from the SGT university were carried to the school and plantation was done along with the school students. After plantation the students were trained about tulsi – the medicinal herb along with its morphology, part used and its preparation. The sapling of *Catharanthus roseus* (vinca rosea) from the SGT university were carried to the school and plantation was done with the school students. After plantation the students were trained about vinca rosea – the medicinal herb along with its morphology, part used and its preparation.

Tree plantation by Ayurveda team

Faculty of Ayurveda also conducted two yoga camps in Primary and Middle Government School of village Khurrampur. Students were made aware about Role of yoga in day to day life and how one can opt it as daily routine activity.

Following yogic techniques were thought to the students –

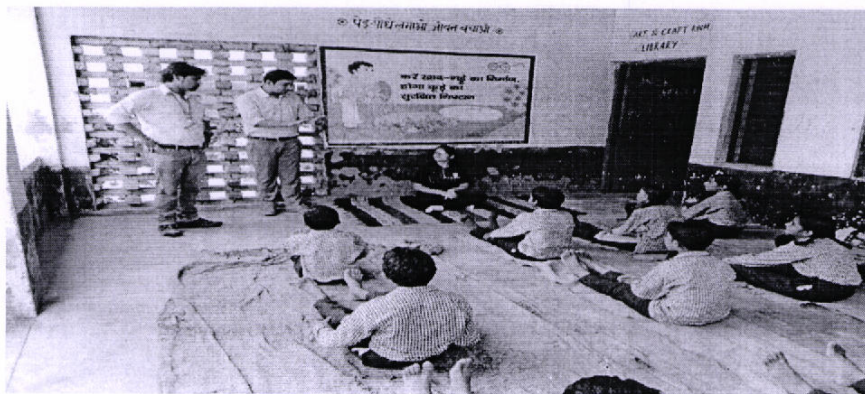

1. Asana – Sukhasana
Padmasana
Vajrasana
Pavanmuktasana
Bhujangasana
Tadasana
2. Pranayama – Anuloma Viloma
Bhramari

Faculty involved – Dr Yagyik Mishra (Assistant Professor)

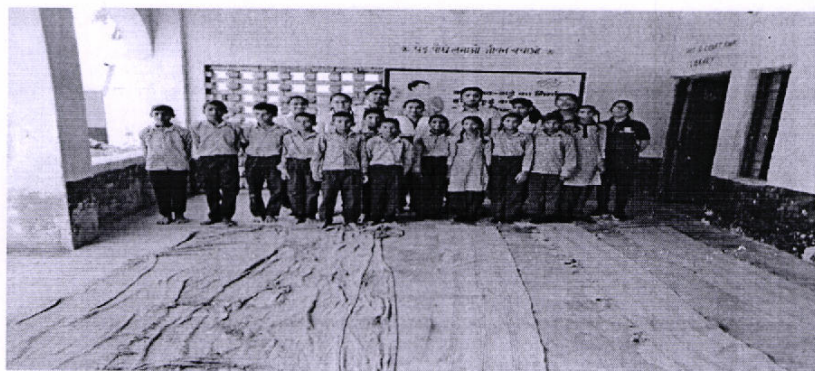

Students involved – Rupal, Mehak, Jyoti, Sonam

In coming future we have plans of conducting Yoga classes in all schools of Khera Khurrampur and train all the students and develop Video module of yoga for school going children.

A Block level Camp on JAL SHAKTI ABHIYAAN was organized at Village Adampur Dhadi, Dagroli and Rambass, District Charkhi Dadri on August 26, 2019. Dr Mohinder Singh, Assistant Professor, (FASC) member of Community Action Group on the behalf of SGT University participated in the camps. He highlighted the past and present availability status of water in India. He focused on the increased number of bore-wells, wells, faulty methods of irrigation and blind extraction of groundwater for irrigation. He also made aware the group about worst situation that India has witnessed with drastic increase in water demand for all uses: agricultural, industrial, and domestic, irrigation accounts for 90% of India's freshwater withdrawals. India's annual agricultural ground water withdrawal is the highest in the world followed by China and the United States. Therefore, very serious efforts towards water management in the country should focus on the management of irrigation. He also suggested the different water management practices like change in cropping pattern, crop diversification, water harvesting and afforestation. The group of farmers enthusiastically participated in awareness program. Total 200 farmers participated in this camp.

Advisory to the farmers

Venue of activity- Badrai and Rambass

Date of activity: 26.10.2019

No. of Farmers- 65

Collaborating partner- Gram Panchyat Badrai and Dept. of Agriculture & Farmers Welfare, Haryana

Cotton is an important fiber and cash crop which plays a dominant role in the industrial and agricultural economy of India. India being the second largest producer of cotton in the world is also one of the preferred sourcing sites for various international textile brands and retailers. Cotton alone uses more than half the chemical pesticides used in the entire agricultural production in India. Rising demand compels cotton growers to adopt unsustainable methods which may pose serious challenges to the environment through the excessive use of inputs like water, fertilizers and pesticides. Dr Mohinder Singh also discussed the environment footprint associated with cotton production and the water availability risk assessment for future cotton production. The department of agriculture spread knowledge on integrated insect, pest management.

The possible solution of sustainable fodder and straw yield with light irrigation by sprinkler system for irrigated farmers or irrigation as life saving. Adoption of improved package of practices, crop insurances against natural calamities, availability of quality seed *etc.* enhance the production of pearl millet without much addition in cost of cultivation was discussed. The developmental effort should be made through popularizing the newly released varieties among the farmers so they replace the low yielding local varieties. Valuable conversation on the role of none or low monetary inputs such as line sowing, optimum row spacing, depth of seeding, optimum plant population per unit area, timely cultural practices for higher productivity should be enhanced the productivity.

गांव नवा में किसान जागरूकता अभियान चलाया

जगत क्रान्ति मिश्रा (ब्यूरो)

गांव नवा में एसजीटी विश्वविद्यालय व आर्य स्कूल राजगढ़ के सहयोग से किसान जागरूकता अभियान का आयोजन किया गया। कृषि खातक प्रशिक्षार्थियों ने किसानों को विभिन्न प्रकार के सूक्ष्म जैविक खादों से उपचार के तरीके बताए। उन्होंने मुदा स्वास्थ्य कार्ड बनवाने के लिए किसानों से अनुरोध करते हुए कहा कि जब तक आपको अपने खेत के स्वास्थ्य का ज्ञान नहीं होगा तब तक आप अपने प्राकृतिक संसाधन से पूर्ण लाभ नहीं उठा सकते। उन्होंने रबी फसलों में आने वाली किस्में तब किमारियों के बारे में

विस्तार पूर्वक चर्चा की। डॉ. महेन्द्र सिंह ने कृषि विभाग की विभिन्न प्रकार की योजनाओं के बारे में बताया तथा फसलों में औद्योगिक खादों के महत्व पर अपनी जानकारी साझा की।

उन्होंने कम लागत कर आय को दृढ़ करने के लिए विभिन्न पहलुओं पर विचार-विमर्श किया। इस अवसर पर बारह कृषि खातकों ने कृषि विषय संबंधित हर पहलुओं पर चर्चा की। इस आयोजन में सरपंच जोगेन्द्र सिंह व अन्य ग्रामीणों ने एसजीटी विश्वविद्यालय व आर्य स्कूल का आभार जताया तथा भविष्य में भी ऐसे कार्यक्रमों कराने का आग्रह किया।

Name of the Faculty: **Faculty of Science**

Name of the Event: Cyber Security (Awareness of ATM frauds)

Type of event: **COMMUNITY SERVICE**

Date: 03rd March 2020 Time: 10:300 a.m.

Venue: Farukhnagar Haryana

Organizers:

Community Service Committee of Faculty of Science

Objective:

To create awareness regarding Cyber Security.

About the Speaker/Guest:

Students and the Faculties of Faculty of Science.

Brief Report:

Engaging in community service provides students with the opportunity to become active community leaders and has a lifelong, positive impact on society as a whole. Such type of participation in social cause enables students to acquire life skills and knowledge, as well as provide support to those who need it most. For the very same purpose, graduate and postgraduate students of forensic science, along with Community service members, Faculty of Science, SGT University, Gurugram organized an awareness program on Cyber Security particularly emphasizing on ATM/Debit/Credit Card on 3rd March 2020 at Hari Mandir, Farrukhnagar. The students gave awareness on the same and provided solution to interacted with villagers. They

Description of the event –

Under Community Action Group Dr. G.B Bhatt and Dr. Vatsala Saharan from Nutrition department formulated a women group with 6 women from the village Khera khurampur. These women were found very much interested in entrepreneurship for earning their livelihood / pocket expenses and also in development of a Cooperative food industry of women. They were demonstrated the manufacturing procedure of many food items like bharwan mirch pickle, potato chips, wheat and refined flour sewaian (vermicelli) to be sold at an affordable cost.

The rural women are not so aware as how to handle all the legal and other formalities involving in loan taking and establishing an Industrial Unit. They also lack confidence in their ability to run the entrepreneurship. They needed capacity building and training in functional areas such as finance, literacy skills, marketing, production and managerial skills. Every year SGT University conducts synergy fest at national level. It will be a boon for all and especially for village women who are very much in enthusiasm for empowerment.

Women have started preparing various food items as mentioned above at a higher level not only for synergy event but also for marketing and sales purpose. So far all the packets of 250 grams of Pickles, Mathii Potato chips and, Matter prepared by the village women have been sold with the support of CAG group. This has created positive group impact on other women not involved earlier in the cooperative action. Thus Community Convergence for Action has been initiated.

Community Achievement

The Community Action Group has been extending services to the village Kheda Khurampur and Kheda village on the arena of Agriculture, Health Nursing, Nutrition, Physiotherapy and Dental science selflessly for about last 12 months. The villagers have been pleased with the group. Thus the Panchayat of Kheda Khurampur has provided the SGT University a room as gratis for implementation of the team work on the day of our visit, on NO RENTAL basis. The CAG group is deeply indebted to the help of the villagers. The letter from the village Sarpanch is given below.

प्रमाणित किया जाता है, कि एस0जी0टी0 यूनिवर्सिटी की दो टीमों, जिसमें मेडिकल, डेन्टल, नर्सिंग, आयुर्वेद, फिजियोथिरेपी, न्यूट्रिशन, कृषि विभाग, वातावरण एवं व्यवहारिक बिमारियों से सम्बन्धित विषेशज्ञ शामिल हैं, प्रत्येक सोमवार व शुक्रवार को गाँव खेड़ा खुर्मम का दौरा करती हैं तथा यहाँ के लोगों को उपरोक्त विभागों तथा अन्य विभागों से सम्बन्धित परेशानियों को दूर करने में मुफ्त सेवाएँ एवं परामर्श प्रदान करती हैं। इससे गाँव के लोगों का जीवन स्तर सुधारने में मदद मिलती है। हम सभी गाँववासी एस0जी0टी0 यूनिवर्सिटी की सेवाओं से काफी प्रभावित हैं।

HEALTH CAMP

OUT REACH AWARENESS DRIVES

SGT UNIVERSITY conducted health camp in various schools and communities. The optometry team took initiative under the guidance of Dr. VINAY KUMAR GOVILA (dean FAHS) and Dr. P.SHINGHAL (PROF. & HEAD OPHTHALMOLOGY). The teams were headed by optometry faculty along with interns. It included torchlight examination, visual acuity, retinoscopy, colour vision testing and few supplementary tests like extraocular motility, near point of convergence and cover test. The purpose of screening was to evaluate the status of eye health in communities and especially in growing children. It helped to enumerate causes for decrease in vision among various age groups. It created awareness among the children and make them understand the importance of vision and visual health. The students who required vision related treatment were referred to department of ophthalmology, SGT Medical college, Hospital & Research Institute BUDHERA, GURUGRAM (HARYANA) for further treatment and investigations.

Following sheets include details of various camps:

1. Date: 20 November 2019

COMMUNITY ACTION GROUP

REPORT: VI:

(PMHS)

SGT University, Gurugram

Registrar
SGT University
Buhara, Gurugram

Community Action Group has been undertaking activities that increases the understanding, enacting and empowerment of communities in the design and delivery of services. Thus it includes a broad range of activities towards **Changing Community Knowledge** and understanding the '**Social Action**' or '**Community Engagement**' enabling community in action at large.

Community Action Group (CAG) of SGT University, with the able guidance of Prof. S C Mohapatra covers the arena of Health, economic, social, agricultural, environmental and community learning and often evolves collective action being taken at the grassroots level, to assist all-income individuals especially women, farmers and families to acquire useful skills and knowledge, so as to gain access to new opportunities and to achieve economic self-sufficiency. The major emphasis on women and farmer empowerment. It is the only programme of the University where the members from all the faculties and students such as medical, dental, ayurveda, physiotherapy, nutrition, nursing, and agriculture and environmental science visit the rural area to stimulate the villagers for a healthy and positive life.

SGT University with the help of **Community action group** is rendering **high level voluntary activities** such as **free health consultation** to the patients at their home, chaupal and anganwadi centre by the medical, dental and physiotherapy team. **Growth monitoring** in under 5 children and importance of **healthy diet** are being undertaken to **support ICDS services**. The CAG also provides **advocacy** on plantation and usage of different types of medicinal plants by the ayurveda team. **Educating** the farmers about the farming and correct usage of pesticides and manure as well as proper storage of crops are being done by the agricultural Faculties. Motivating the village women aiming **women empowerment** by making the beautiful decor items by dry flower technology has also been rendered by agriculture team. CAG has Motivated Twenty village women to initiate a food industry through Small Scale domestic Support Group to produce papad, vermicelli, pickles etc by nutrition team. Advocating the women regarding the correct usage of contraceptives and proper maintenance of menstrual hygiene and also included in the training of the school children. Students of four school and their teachers were trained regarding the CPR (cardiopulmonary resuscitation) by the nursing team. This has been highly accepted by the villagers. This would help increasing the life time of people who get heart attack and do not survive since care was not provided to them during the 'golden period' of survival. All these activities have benefitted the villagers in various ways.

Registrar
SGT University
Budhera, Gurugram

The following key aims and objectives were laid down to be achieved till Sept 30-

1. To educate the school children, Nursing faculty, regarding the **CPR technique** in different schools and the volunteer children will demonstrate the technique in Synergy to be organized in October 2019 by SGTU..
2. Agriculture dept will conduct the **Dry Flower Technology** technique demonstration among the women's group of village and select volunteer women to produce the Dry flower Decor show in the forth coming Synergy, 2019.
3. Ayurveda dept will plant a **medicinal garden** in the Govt School and educate the students and teachers regarding their medicinal properties of each plant and voluntary students will demonstrate the uses of these plants in Synergy.
4. Nutrition dept will help creat the women empowered group of the village to start their own **Cooperative Food industry** and launch sale their product in the Synergy.

The outcome of all these activities will be demonstrated in the Synergy event.

Activities by Nursing and Medical Team

CPR (cardio-pulmonary resuscitation) is a technique used to keep victims of sudden cardiac arrest and other emergencies to prevent brain damage until transported to more advanced medical centre or till the Doctor to arrive. The goal of CPR is to keep oxygen flowing in and out of the lungs and to keep oxygenated blood flowing through the body. This will delay tissue death. Circulating blood that contains oxygen is required to keep tissues in the body alive and functioning. The brain may sustain damage after blood flow has been stopped for about 4 minutes. There is irreversible damage to the brain after blood flow has stopped for 7 minutes. To be successful, CPR should be started within 6 minutes of a person having a sudden cardiac arrest. In a cardiac arrest emergency, every second counts. If performed immediately, CPR can double or triple a person's chance of survival.

Empowering all youth with CPR training in schools will dramatically increase the number of first responders in communities each year and save lives. Training the children early in life can impart CPR skills to them before they develop fears and self-consciousness around the procedure. Therefore the medical and nursing team of Community Action Group (CAG) planned to train school children about cardio-pulmonary resuscitation (CPR) as there is no age limit when it comes to saving lives by CPR.

(The Nursing team)

Registrar
SGTU University
Bathinda, Gurugram

Schools covered :

Different schools including 1 Government and 2 private schools were selected to train CPR skills to school children about cardio-pulmonary resuscitation (CPR)

The following schools were approached:-

1. Guru Ram Dass Convent School, Khera-khurampur
2. Government Middle School, Khera
3. Oxford Convent School, Khera

Community Action Group team conducted a hands on training session on Cardio-Pulmonary Resuscitation (CPR) at Government Middle School, Khera, Farukhnagar, Gurugram. The students of 6th to 8th standard, the school teachers and administrative staff were given training of CPR. The team emphasised the importance of CPR and explained the role that each one can play in saving a life. The team also highlighted the importance of CPR as a life saving measure for the victims of cardiac arrest and also when to give CPR, its technique and steps. The programme included an interactive session and simulation on CPR by MSc Nursing students (Medical Surgical Nursing). The steps of CPR were performed on the adult CPR manikin. The students were given opportunity to practice CPR on the manikins. Our team is delighted to witness the active response of students and school staff in learning the skills of CPR.

**Training of School students regarding the CPR Technique**

The team again visited the Govt Middle School Khera Khurrampur. The agenda for the visit this time was to prepare a team of students who will be demonstrating CPR (for which they were trained in previous sessions) in Synergy 2019 at SGT University. The plan was discussed with the headmaster and the teachers. Later the students were asked questions on CPR and asked to demonstrate the skills. A list of interested students was made. Among these interested students, a group of 10 students will be selected. The students will be further trained and prepared to demonstrate CPR in synergy at SGT.

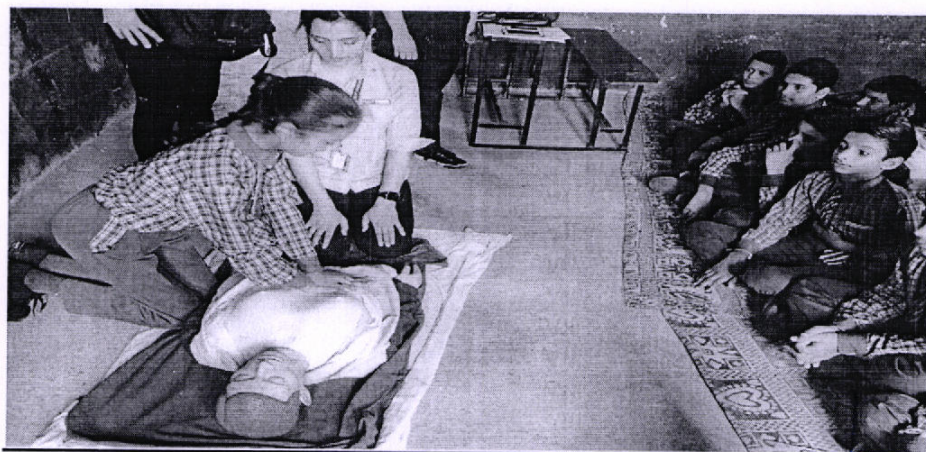

Registered
SGT University
Budheda, Gurugram

Community medicine and Nursing team of community Action Group also conducted a training session on Cardio-Pulmonary Resuscitation (CPR) at Guru Ram Sharan Dass School, Khera, Farukhnagar, Gurugram.

The students of 7th & 8th standard were given training of CPR. The team also highlighted the importance of CPR as a life saving measure for the victims of cardiac arrest, when to give CPR, its technique and steps. The programme included CPR training by MSC Nursing students. The steps of CPR were practiced on adult CPR manikin by the students.

The team repeatedly visited the Government Middle School, Khera, Farukhnagar for practice session of CPR and selected ten students for Synergy project. The students were given opportunity to practice CPR on the adult mannequin. The team had interaction with the students regarding CPR and clarified their doubts. The following students were selected:

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY

(UGC Approved)

Gurugram, Delhi-NCR

December 10, 2019

The faculty of Mass Communication and Media technology organised an outreach program cum awareness campaign on Media Literacy at Sarvodaya Kanya Vidyalaya and Rachna Public school at Ghummanhera village of Gurugram. The objective of this campaign was to aware the students about the proper use of media as it builds an understanding of its role in society as well as essential skills of inquiry and self- expression necessary for all the citizens. Media literacy is a theme which is situated at the intersection of different policy fields including Media and Education. Both policy fields are already active in the field of media literacy and want to give a powerful impulse to the further expansion of a coordinated and integrated policy and to the developments within the field. Media literacy encompasses the practices that allow people to access, critically evaluate, and create media. Media literacy is not restricted to one medium and therefore has had several different attempts to have a specific definition over the years.

Media literacy definitions have been defined based on general skills pertinent to all media or definitions relating to specific mean forms of media. Media Literacy Education defines it as a series of communication competencies with the ability to access, analyze, evaluate, and communicate in a variety of forms which can be print or non-print messages. They find that media literacy allows people to be critical thinkers and creative in many messages like image, language, and sound.
