## Faculty of Engineering & Technology

“Natural Language Processing (NLP)”

Type of event: Workshop

Date: 07/01/2019

Time: 10:00 A.M- 01:00 P.M.

Venue: E-Block Room No.-Law Seminar Hall

**Organizers:** Computer Science And Engineering Department

**Objective :** To provide a platform for the engineering students by both theoretical as well as practical session about the upcoming technology Natural language processing and machine learning

**About the Speaker/Guest:** Dr. (Prof) Amal Saha

**Audience:** Computer Engineering Faculty and students.

**Brief Report:**

A Workshop was conducted on 7<sup>th</sup> January, 2019 on NLP and Question Answer Automation by Dr Amal Saha, professor, Department of Computer Science & Engineering. The objective of the workshop was to introduce the subject of Computational Linguistics or Natural Language Processing (NLP) and its subdomain Question Answering or Machine Comprehension.

The workshop was organized to motivate the students to understand the importance of machine learning and NLP, so that the students of the university can take up projects in these emerging technology. It was a hands-on experience session as Mr.Saha used parser from the Stanford University called Coren NLP, and demonstrated it live.Also there was a demo on machine comprehension of text with framework from AllenNLP illustrating the practical implementation of machine learning more impact fully.The workshop was a very interactive& interesting session for the students giving them a creative experience. For shortcoming this gap workshop will act as a bridge between the industries requirement and student knowledge by spreading theoretical concept as well as practical “Hand-On Experience”.
