Guest Speaker
Ms. Yashita Arora
PMP Certified Professional,
Ernst and Young LLP.

Convener
Mr. Yaman Hooda
Assistant Professor,
Dept. of Civil Engineering, FEAT

LSWURE

About the Speaker/Guest:

Ms. Yashita Arora, is a PMP certified professional with more than 8 years of experience. She had worked with L&T Constructions, Tata Projects Ltd. and now with Ernst and Young LLP. She had worked on different projects in the past, got knowledge of the projects from the scratch. From Planning and monitoring, estimation and budgeting, project coordination, contract management, now she is into auditing and PMO setups.

Organizer:-

Mr. Yaman Hooda, Assistant Professor, Department of Civil Engineering, FEAT

Report of the Webinar

a) Introduction:

Project Management plays a vital role in the success of any project since it involves the process of leading the team to achieve the primary goal, considering both time and economy.

b) Objective of the webinar/ Event / FDP:

The primary challenge of a Project Manager is to achieve all the project goals within the given constraints. The main aim of this webinar is knowing the importance of project management and how economics and time have to go parallelly for completion of a project successfully.

c) Brief content of lecture:-

The Department of Civil Engineering organized a webinar on “Fundamentals of Project Management” on December 09, 2020 from 11:00 AM to 12:30PM. The theme of the webinar was focused on the basic understanding of a project and project management, followed by the characteristic of a project. The, difference between a project and an operation was discussed with suitable examples. The role of a Project Manager and one’s characteristics was also discussed. The various Project Management Process Groups of Initiation, Planning, Executing, Monitoring & Controlling and Closing were discussed, with their inter – relationships. Discussion on the failure of projects were discussed, followed by 10 basic steps of successful Project Management and successful Project Managers.

Learning Outcome: The webinar was able to make students and faculty members understand the need and essential of Project Management and its application in the construction industry.

Shortcomings:

1. Less audience
