“Career as an Entrepreneur”

Type of event: Alumni Talk (Webinar)

Date: 06/12/2021

Time: 10:00 AM to 11:00 AM

Venue: Google Meet, Online mode

Google link: <https://meet.google.com/dbn-sscp-fub>

Organizer:

Dr. Neeraj Saini, HOD and Assistant Professor, Department of Civil Engineering, FEAT

Mr. Satyam Garg, Assistant Professor, Department of Civil Engineering, FEAT

Objectives:

An entrepreneur is a developer or innovation who brings something new into a company or economy. It could be a new manufacturing method, a new product, a new material source, a new market, or any other similar innovation. Being an

Entrepreneur Means Writing Your Own Future. Entrepreneur explore different horizons of life, as face various parameter before gaining success, such as risk factors. The process of setting up a business is known as entrepreneurship. Entrepreneurs play a key role in any economy, using the skills and initiative necessary to anticipate needs and bringing good new ideas to market. Entrepreneurship that proves to be successful in taking on the risks of creating a startup is rewarded with profits, fame, and continued growth opportunities. Entrepreneurship that fails results in losses and less prevalence in the markets for those involved.

About the Speaker/Guest:

Mr. Manish Bhargav, Founder Bhrigu Academy. He has professional experience in the field of academics and successfully running a startup on its own. He is showing good growth in his career as an entrepreneur. He is actively involved in various other projects of academics as well.

Audience:

About 17 Students from the Department of Civil Engineering, SGT University were there.

Brief Report:

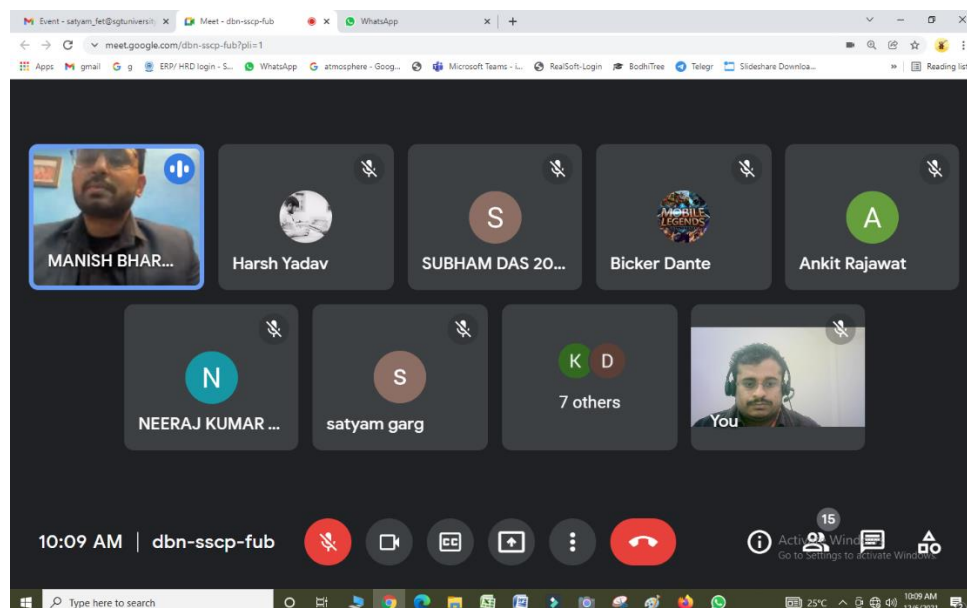

The Department of Civil Engineering, FEAT, SGT University organized an Alumni Talk on 'Career as an Entrepreneur' on 06 December, 2021 through the online mode-Google Meet. The speaker initiated the session with emphasis on time management and risk factor involved in startups. Also, the speaker demonstrated the role of peer-partnership and government fund support methods in initial stages of business. Also, shared his own experiences and learnings encountered in

own start-up. Students actively interacted with the speaker and discussed about the civil engineering consultancy firm startups.

Challenges involved in the entrepreneurship are basically:

- Overcoming bureaucracy
- Hiring talent
- Obtaining financing

Learning Outcomes: The Alumni Talk-webinar enable the students to understand the role of time management, risk factors, role of partnership and government funding while setting up a new business specially in the field of civil engineering.
