The Online Film Appreciation Course is an intensive course designed to promote a comprehensive understanding of the language of Cinema. The curriculum is a basic introduction to the theoretical study of the art and history of film and the development of cinema as a medium of art and communication. It includes exposure to the world classics that changed how films are made and seen over the years and how the tools of filmmaking are used to tell stories or to express the art of a filmmaker as an auteur.

The intellectual and emotional journey through four weeks will not only be insightful about Cinema but about life itself as the layers of the narratives in the different genres are unconcealed. New perspectives would begin to emerge as the subtexts begin to be noticed and heard. Aspects of communication would come to the fore as conceptual areas of the language of cinema like time and space, mise-en-scene, genres, film movements are explored and discussed. Gender issues, the way women are perceived in society and portrayed in Cinema will also be part of the Course. Film classics, short films and non-fiction films, both Indian and International, specially curated for the Course will be used for critical analysis and study.

The course is primarily designed to meet the needs of teachers/scholars interested in introducing film study activities in educational institutions, media practitioners, film society organisers, researchers, Govt. officials handling films and serious cinéphiles.

This Online Course is distinct from the Summer and Winter courses done in the past.

## Report:

Film Appreciation Course in association with FTII (Film and Television Institute of India, Pune)  
(13th October to 17th October, 2017)

The Mass Communication Faculty is broadening its horizon by getting associated with India's premier institutes. This year, the department got into an alliance with India's best film institute (FTII) to conduct a Short term Film Appreciation course. The course helped our students learn the Grammar and Styles of cinema from around the world. It began with the history of cinema and its evolution. In the process the students saw some of the most rare & historic clips from world cinema. Lectures and Film Screenings by experts from FTII were followed by Question-Answer sessions with our students. Our students freely interacted with FTII faculty and experts and gained much knowledge about film making. One of the Experts, Shri Munish Bhardwaj, also the Director of successful Bollywood film, 'Moh Maya, Money' took a session on Script Writing and explained the nuances of Production stages. The course was graced by the presence of India's finest Woman Film maker from Bollywood – Ms. Sai Paranjpye. Her film 'Disha' was screened and then she was interviewed by the students. She enthralled our students by her 'behind the scene stories' about film making process and actors.

At the end of the course, students received certificates from FTII for their participation.
