**Organizers:** Department of Microbiology in collaboration with NABH team of SGT Hospital, Gurugram.

**Beneficiaries:** 17 Nurses at the level of B.Sc. (Nursing) were enrolled in the training, included participation of senior personnel like Nursing Superintendent, SGT Hospital.

**Report of the Workshop:**

A training course on hospital infection control was organized for nurses by Department of Microbiology in collaboration with NABH team of SGT Hospital. This was an endeavour to generate trained manpower at the level of nurses who may take up responsibilities as infection control nurses at SGT Hospital as a part of fulfillment of requirement for NABH accreditation. A total of 17 Nurses at the level of B.Sc. (Nursing) were enrolled in the training that also included participation of senior personnel like Nursing Superintendent, SGT Hospital. The training consisted of 30 hours duration, spanning over 8 working days in the afternoon, post-lunch period in order to minimize interference with the daily routine duties of the trainees. The training commenced with a brief introductory session addressed by Dean, FMHS, and MS, SGTH. Prof. Anita Chakravarti gave a brief introduction about the course objective. The training consisted of both theoretical lectures as well as hands-on practical demonstrations. Faculty members of the department of Microbiology as well as official from NABH team, SGTU, participated in the training. The resource materials for hands-on training were arranged by the Department of Microbiology as well as NABH team. In order to review the efficacy of the ongoing training, a brief multiple choice based assessment was carried out at the end of everyday's training session. Certificates were distributed at the end of training. It is envisaged that the training will also provide entitlement for CME credit points by Haryana Medical Council.
