8th Aug'20 for Industry Personnel's. The session was inaugurated by our chief guest Mr. M.P Singh, Managing Director - Paul components, along with university's dignitaries. The training course was delivered by Assistant Professor's Dinesh Deshwal, Shivendra Singh & Asad Habeeb (all are from Mechanical Engineering Department- FEAT). In first session the participants were enlightened with the basic theory of Pneumatics, compressed air theory, different types of pneumatic compressors & their efficiencies. Apart from these various studies of different components along with pneumatic kit were discusses as well.

On the second day, all the industry personnel got to know the basics of Pneumatic systems followed by a hands-on experience on the SMC Pneumatics Setup in the university campus.

On the third day, industry persons were given a full day hands on training on practical problems on pneumatic systems. Apart from the hands-on training, trainees were given a brief about various components along with pneumatic kit. Every individual was given several problems of Pneumatics which they completed successfully. In the last valedictory ceremony was organized.
