Report of the Review Committee Meeting held on 30.07.2022 in the Office of Controller of Examination, SGT University

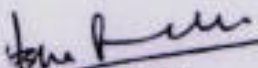

As per the communication received from the Office of the Controller of Examinations dated 29.07.2022 regarding Review Committee Meeting (photo copy of the letter enclosed for reference), the meeting was held in the Office of Controller of Examinations on 30.07.2022 at 02.15 p.m. which was attended by the following members:

1. Dean, FNYS - Chairperson
2. Dr. Asha Gandhi, Prof. & HOD, Dept. of Physiology - Member
3. Dr. Navpreet, Associate Professor, Dept. of Physiology - Member

The Committee discussed the matter in detail. It was observed that the discrepancy in the paper of Physiology was at two levels. The student was served the Physiology paper - II on the examination date of Physiology paper - I and Physiology paper - I on the examination date of Physiology paper - II. While going in further detail it was found that two sets of both the papers were moderated by one of the faculty member of FNYS and while moderating the papers all four papers were mentioned as paper - I. Out of these four papers two were wrongly marked as Physiology paper - II whereas they belong to Physiology paper - I.

In the prevailing circumstances, the Committee is of the opinion that there is no fault at the level of student and he should be given an opportunity to re-appear in the examination. The Committee, therefore, recommends that the re-examination of Physiology paper - I and Paper - II may be conducted at the earliest by the office of Controller of Examinations as per the provisions under the Ordinance of Examination of SGT University.

Subject: Review committee recommendations about PhD course work question paper of "Bio-Statistics and computer fundamental"

Dear Sir,

The meeting of the Review Committee was held on 26.8.2021 at 11 am in the Dean Office, FOSC. Following members were present

1. Dr. Lakhwinder Singh, Chairperson
2. Dr. Naveen Kumar, Member
3. Dr. Amit Bhardwaj, Member

The Committee after having examined the question paper carefully, reached to the conclusion that there are total 6 Questions in the paper, which are incorrect or having wrong options. These errors are either due to typographical mistakes or due to software issues. Therefore, following actions may be taken:

- 1) All 6 (Six) questions are to be cancelled
- 2) All students are to be given a bonus of 6 marks after deducting the marks earned against these 6 (Six) questions.

Sub: Findings of the Review Committee (BA LL.B (English-I) 08050104 paper
(conducted on 16-04-2021)

Dear Sir,

This is with reference to your letter date 28 April 2021 and the letter received from supdt secy dated April 22, 2021 & regarding a complaint by the students that the question paper of BA LLB semester I (English I, 08050104) conducted on 16-04-2021 that the question paper was out of syllabus. For this purpose a committee was constituted to review the above mentioned question paper in the light of the syllabus.

We, the members of the review committee have reviewed the question paper in the light of the syllabus and after deliberations have arrived at the conclusion that:

- The question paper was set by and large in accordance with the syllabus except for section D wherein the style of the questions is theoretical in nature.
- In section D all the four questions are theoretical rather than practical. Generally the students are asked to write paragraphs, letters etc. so that their writing skills may be evaluated, whereas in this question paper the students were supposed to provide theoretical answers. In this respect the questions set in this section were beyond the expectations of the students.
- It is pertinent to mention that section D carries 24 marks out of 60.

Subject:- Review committee report for Exam/Paper of Batch 2016 CSE (Cloud Computing)
held on dated 21-01-2021.

Dear Sir,

In reference to your email dated 29th Jan 2021 from your office, the committee had a meeting on 02/02/2021 in Dean FEAT's office. The committee has made the follow observations.

1. All the questions in the question paper are entirely from the cloud computing syllabus (13020706). *After careful examination of question paper & syllabus.*
2. However, it has been observed that some of the questions are little tricky and oriented towards the higher level of bloom taxonomy.
3. In view of these above points, the complaint regarding the receiving of question paper with the wrong syllabus may be considered invalid.

Subject: DBMS Question paper was out of Syllabus

Respected Sir

We are the students of B.Tech - CSE (IBM) 3rd sem, we are having issues in today's question paper. We had our DBMS exam today and many of the questions were from the topic which were not covered in the class. Many questions required very deep knowledge and understanding of the topic which were covered only partially and some of them were only touched a little about 60%. mcqs were insolvable by the knowledge we got in the class. 40% of short answer type and 50% of long answer type questions were out of syllabus.

Apart from this, the question ^{paper} were very lengthy. We were supposed to do 30 mcqs, 6 short answer type and 2 long answer type in 2 hours, where each short answer type question was of 3 marks and long answer type questions was 6 marks. But the questions asked in short answer type and long answer type were so lengthy that they should be weighted at least twice, than they were. They even had numerical problems which take very much time in solving. So almost everyone was unable to solve whole question paper and many of the students are going to fail this exam.

No merit was given uniform weightage.

Please take suitable action as soon as possible.

Dear Sir,

It is noticed that there is a wrong question printed in the Engineering Mathematics-I question paper [Sec-C, Q.2, Marks-6]. Many students have written "Question is wrong."

It is felt that the marks for this question should be awarded to all students, if they have attempted it.

Kindly consider the request.

Thanking you.
