The workshop was facilitated by Chef Michael Meier from BHMS Switzerland, who demonstrated his skills in sous vide. The Parties hereto have executed this JIP in four originals of equal meaning and content. The Parties agree that this JIP describes the intention of the Parties in relation to the project described herein below (hereinafter "the Project").

### **Background**

The Indian Nursing Council (INC) is a Statutory Body under the Ministry of Health and Family Welfare (MoHFW) have been taking multipronged approaches for strengthening pre-service nursing education (PSE) since over a decade. Standards for nursing education have been developed, nodal centers have been established, live registry of nurses has been initiated and a comprehensive roadmap for strengthening nursing education and the nursing cadre has been developed for the government. One of the central initiatives for strengthening nursing education has been to introduce competency-based training, including simulation as a teaching methodology, introduction of skills and simulation labs for nursing schools and faculty training.

The National Reference Simulation Centre (NRSC) became functional from 27<sup>th</sup> October 2018. It has been developed to support the clinical parts of all the 4 years of B.Sc. Nursing curriculum- Nursing Foundation, Medical Surgical I and II, parts of community health nursing, child health nursing and midwifery. NRSC is designed to support trainings for B.Sc nursing students and faculty including interprofessional education.

Currently, NRSC has one director and 6 full time faculty; 4 faculties are appointed by SGT University and 2 are funded by Jhpiego. All the faculty have undergone various levels of training with the experts from Laerdal.

An international simulation user network conference with focus on nursing was organized on 27-28<sup>th</sup> October 2018 and a large number of delegates from National and International level have visited the NRSC in past 6 months and appreciated the center.

**In order to continue the collaboration, SGT University, Indian Nursing Council, Laerdal, and Jhpiego, hereby record their consent to the extension from 1<sup>st</sup> April to 31<sup>st</sup> March 2020 of the Joint Implementation Plan to build upon the achievements from the previous JIP from January 2018 to 31<sup>st</sup> March 2019. The objectives of the collaboration:**

1. Demonstrate delivery of high-quality training in skills and simulation integrated into B.Sc. Nursing curriculum for students
2. Train 800 Nursing Faculty from nursing schools/colleges from all states in India as master trainers who will cascade this training methodology training to the other nursing institutions within the states
3. Generating evidence for impact of integration of simulation in B.Sc. nursing curriculum and to advise policy making in nursing education in India
4. Create hub and spoke model by linking the NRSC with nursing institutions with well-equipped simulation labs in the states
5. Demonstrate model for inter-professional education through simulation-based team-based training
6. Develop self- sustainability of NRSC
7. Promote cooperation and the advancement of academic, research, and educational exchange with international institutions and universities
