Statement of Work

This Statement of Work ("SOW") is made on January 2, 2019 between SGT University ("Client") and Nebel Infotech ("Supplier") for SGT University ERP Software.

1. Overview

1.1. **Scope and Objectives.** The Scope and Objectives of this SOW are as follows.

Nebel Maintenance team is responsible to perform the enhancement and maintenance of SGT ERP application. SGT ERP application is an internal tool for managing End to End student life cycle, Supply Chain Management, Mess, Transport, Fee Management etc. The application also has an authorization module, which the SGT ERP administrator can use to create various profiles and assign those profiles to ERP users. These profiles would decide the access controls and permissions of the users on the SGT ERP application

Following are modules (scope) to be covered in Initial months:

1. Admission Module

(a) Booking of seat

- (i) There must be a provision to accept the amount for seat booking by the candidates with some temporary booking number for proper accounting and with capturing some basic details of the candidate
- (ii) Confirmation of admission, if candidate wishes to get admitted at later stage
- (iii) Adjustment of seat booking amount in Fee Structure, if candidate wishes to get admitted at later stage
- (iv) Provision to refund the amount after some deduction, if candidate wishes to do so

(b) There must be provision to upload the scanned documents of the students

(c) Admission through Lateral Entry already exists in the system, but there is a need for Identification of that admission as Lateral Entry Admission

(d) For sale of Prospectus, there must be a provision for Complementary and the amount for the same will be zero

2. Finance Module

There must be provision to create the fee structure for a particular session which will be applicable for whole duration of the course for that particular student which will not be linked with promotion of the students

Registrar
SGT University
Budhara, Gurugram

- (a) Each fee head must be having check box for mapping the required fee heads for the subsequent Years/Semesters
- (b) There must be separate fee structure/fee heads for the students getting admission through Lateral Entry
- (c) There must be provisions to fix the last dates for fee submission for each Year/Semester at initial stage itself i.e. First Date without late Fee, Second with Late fee of some amount, Third with Late fee of some amount
- (d) If student is not paying the fee upto Third date, he/she will get inactive automatically and will required get re-admitted with Re-admission fee along with the fine and the rights for the same will remain with Admin
- (e) The fee structure will be activated by the CFAO for the subsequent Years/Semesters and the same will be reflected in the fee window of the students
- (f) There must be triggers to the defaulter Students and the Dean regarding last date of fee submission i.e. before seven days, before three days and before one day
- (g) The fee receipt is required to be generated with continuation numbering followed by two digits of the current year
- (h) Demand Letters/Reports (Format will be provided by CFAO)

3. Academic

Creation of Subjects

- (a) There must be provision to create the subjects for particular session which will be applicable for the students who get admitted in that particular session. The subjects will be of two categories :
 - (i) Core Subjects. These subjects will be automatically mapped with the students.
 - (ii) Elective Subjects. Students will need to choose the subjects from the list of the Elective Subjects as per their choice or as per the instructions of the FacultyThe students are required to choose the elective subjects at the beginning of the session itself forcibly
- (b) There must be provision to map these subjects for next session with changes, if any
- (c) The subject code will be auto generated with the combination of Faculty Code, Course Code, Year/Semester and three digits of code (for example : 010101001)
- (d) There will be common basket of the subject (under CBCS module) from University and students are required to choose from this basket as per their choice or as per the instructions from the faculty
- (e) Creation of subjects is required to have the following fields :

Registrar
SGT University
Gudhara, Gurugram

- (i) Subject Code (auto generated)
- (ii) Faculty (Selection from drop down box)
- (iii) Course (Selection from drop down box)
- (iv) Session
- (v) Subject Name
- (vi) Year/Semester (Selection from drop down box)
- (vii) Theory or Practical (Selection from drop down box)
- (viii) Core or Elective (Selection from drop down box)
- (ix) Lecture
- (x) Tutorial
- (xi) Practical
- (xii) Grade or Marks (Selection from drop down box)
- (xiii) Maximum Theory Marks
- (xiv) Pass Marks
- (xv) Maximum Practical Marks
- (xvi) Pass Marks
- (xvii) Maximum Internal Marks
- (xviii) Pass Marks
- (xix) Maximum Oral Marks
- (xx) Pass Marks
- (xxi) Credits
- (xxii) Pass Scheme (Selection from drop down box)
 - Theory+Internal+Practical+Oral
 - Theory+Internal+Practical
 - Theory+Practical

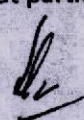

- (e) There must be provision to assign one subject to multiple faculties for marking the attendance

Creation of Course

There is a requirement to add the following additional fields :

- (a) Dean (Selection from drop down box)
- (b) Grace Marks (Selection from drop down box)
 - 1% of the total Theory marks of that particular course
 - 1% of the total of all the marks of that particular course

Registrar
SGT University
Budhera, Gurugram

4. Examination Module

- (a) Enhancement/Modifications in the existing modules (Will be discussed in person by Examination Branch with Software Engineer)
- (b) Enhancement/Modifications in the existing reports (Will be discussed in person by Examination Branch with Software Engineer)
- (c) There must be a provision to type AB (Absent) while updating Internal and Practical awards by the Faculty.
- (d) For updating results remarks, we have to go one by one student which is a very high time-consuming process. It should be as selection base : Session, Faculty, Course, Semester, Examination Date, Exam Type.
- (e) There must be a provision to give an alert (Through E-mail and SMS) regarding last date for submission of exam form by the students. (a) Before 7 days (b) Before 3 days (c) Before 1 day
- (f) At present, any Dean can clear eligibility of any student may be belonging to other faculty. Restriction for particular Dean is required.
- (g) At present, any Dean can promote any student of any course. It should be restricted to the concerned Dean only
- (h) There must be a provision to give alert to the respective Dean, COE and Admin regarding the non-submission of exam form by the student in respect of the students who have not submitted their exam form (a) Before 7 days (b) Before 3 days (c) Before 1 day
 - (i) There must be alert to the COE, respective Dean and Student if any changes being done by Admin in the profile of the student with notification of change
 - (j) There must be provision to fix the last date for submission of Internal and Practical marks by the faculty member
 - (k) Provision to give alert to the concerned Faculty and Dean regarding last date for submission of Internal & Practical Marks (a) Before 7 days (b) Before 3 days (c) Before 1 day
 - (l) There must be provision to fix the last date for validating the student eligibility by Dean and Finance Branch
- (m) There must be provision to give alert to the respective Dean and Finance Branch along with to the Admin for not validating the students (a) Before 7 days (b) Before 3 days (c) Before 1 day
- (n) Printing & Scanning along with all other modules are required to be shifted under Examination Module
- (o) Any Dean can Assign Evaluator to any subject may be belonging to other faculty. Restriction for particular Dean is required.

Registrar
SGT University
Budhara, Gurugram

5. SCM/Stores Module

- (a) Enhancement/Modifications in the existing modules (Will be discussed in person by SCM/Stores Department with Software Engineer)
- (b) Enhancement/Modifications in the existing reports (Will be discussed in person by SCM/Stores Department with Software Engineer)

1.2. Period of Performance. The period of performance for this SOW will be 1 Year commencing on Jan 1, 2019 and may be renewed for successive periods.

1.3. Place of Performance. The services will be performed at Nebel Offices. The Nebel team would be visiting client premises as and when required (specially at the start of each 2 week sprints)

1.4. Statement of Work Type. This is a Time and Materials - Not to Exceed ("NTE") Statement of Work.

2. Execution approach:

The project execution methodology adopted by NEBEL will be Agile/Scrum. Project deliverables will be incremental with few requirements delivered in each Sprint cycle. The outline/steps involved in the Scrum methodology are outlined below:

- All the requirement specification would be provided by SGT University to NEBEL in the form of a requirement document.
- Sprint Cycle will be of 2 weeks which will include development & QA of the created functionality. This will be carried out by NEBEL.
- There will be a daily Scrum meeting involving all the team members to discuss about progress and any impediments.
- At the end of each Sprint Cycle there will be a Sprint Review Meeting which will involve demonstration (working product) of the features developed during the Sprint to the client. This will involve quick feedback session from the Client. This will be arranged based on the schedule & availability from SGT University.
- The completed features from development team will be deployed which can be used by the Client team to perform their testing. Any defect or feedback provided by client during testing will be taken up by the development team in the subsequent Sprints. After the Initial Execution (IE) Phase there will be additional UAT phase to take care of any pending items or defects to be fixed before final release.
- Any Client feedback or pending bugs during the Sprint Demo will be taken up in the next Sprint as per Sprint Plan.

Registrar
SGT University
Budhera, Gurugram

- For Project Tracking & Defect Reporting, NEBEL will be maintaining cloud hosted Defect tracking online sheet which can be accessed by Client also.

3. Personnel

3.1. **Supplier Personnel.** The personnel furnished by the Supplier for performing efforts under this SOW will have adequate qualifications to perform the work. Upon Client's reasonable request, the Supplier will promptly replace personnel that are not able to perform in accordance with this SOW.

3.2. Key Supplier Personnel.

The Supplier will ensure a smooth and timely transition for any key personnel replacement to minimize any adverse impact to the services provided to Client in this SOW.

4. Supplier Tasks and Deliverables

4.1. Supplier Tasks and Responsibilities

- (a) The Supplier will provide the necessary resources to plan, implement, and manage work necessary to meet the project objectives and prepare the Deliverables.
- (b) The tasks and responsibilities required of Supplier by this SOW consist of; but are not limited to, the following.

Overall the project will cover all the maintenance (viz. problem determination, fixing, testing, solution building, environment issue tracking) and enhancement activities (e.g. viz. Coding the enhancements, Testing and Support for deployment).

For SGT ERP Maintenance, the activities will include:

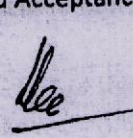

- Problem coordination, problem determination and code fixing for Problem tickets in a priority order determined by Severity (Severity 1/2/3). Severity 3 problems won't be handled if there are pending Severity 1 & Severity 2 problems.

Severity 3 problems will be handled via the process agreed to by the application owner (Client Representative).

- Provide 8x5 support for all maintenance tickets
- Provide limited on call support for Severity1 during the off-shift hours.
- Planning for releases and Fix Packs.
- Ensuring SLA adherence for all Problem Tickets.

4.2. **Supplier Deliverables.** Supplier shall prepare and deliver the following Deliverables to the Client in accordance with the requirements of this SOW and the dues dates and Acceptance criteria.

Registrar
SGT University
Budhera, Gurugram

5. Client Tasks and Responsibilities. The following Tasks and Responsibilities required of Client are dependencies to the Supplier's ability to perform its obligations under this SOW:

- perform all tasks specifically and reasonably assigned to it by NEBEL, as agreed in the project plan, including without limitation following the instructions of NEBEL
- be and remain current in all of Client's financial obligations to NEBEL

Client will also provide NEBEL with timely and complete access to:

- all necessary and other reasonably requested information and documentation
- all necessary business users, Client stakeholders, and executives who shall be empowered to make decisions related to application scope, functionality, acceptance criteria, etc., and who will provide NEBEL with timely decisions and feedback
- Client hardware, software and system development/test environments created by Client, for release testing and application training purposes, including uninterruptible access for all Client systems
- all required infrastructure online for release testing and application hosting if and to the extent requested by NEBEL
- a Client Liaison who will be responsible for overseeing all communications with NEBEL and resolving any issues throughout the project and shall provide timely information, review and feedback
- All logos / images to be used on the application to be provided by the client.

6. Project Management

6.1. Governance. The Supplier and the Client will apply Project Management Institute project management and governance processes. Supplier and Client will closely monitor project timelines using progress reviews to minimize schedule risks and to develop alternate workflows, as necessary.

6.2. Project Managers. The Supplier and the Client will each appoint project managers who shall serve as the single point of contact for purposes of communications related to the SOW.

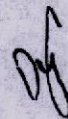

6.4. Progress Meetings. The Client and the Supplier will support and provide representation at progress review meetings, as required, which meetings will be on a regular schedule as mutually agreed by the parties.

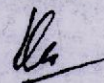

6.5. Reports

(a) Monthly Progress Reports. The Supplier shall prepare a monthly "time on task" summaries including a description of the time spent, by Supplier resources, on certain subtasks for that month and provide a timeline of activities that clearly state the deadlines for each month's deliverables.

(b) Final Report. The Supplier shall prepare a final summary report upon completion of the work performed and results obtained for the entire contract period of performance. This report

Registrar
SGT University
Budhera, Gurugram

shall summarize tasks performed during the SOW term and estimated projections for future effort.

7. Change Management Process. The Client Project Manager and the Client Purchasing Contact will coordinate all changes to the SOW through Change Orders processed in accordance with the terms of the Master Agreement.

8. Completion Criteria

8.1. Payment for Completed Deliverables. The Client will authorize payment for complete Deliverables only after complying with the Acceptance Process specified above.

8.2. Payment for Incomplete Deliverables. In the event any Deliverables are not performed in accordance with this SOW because of factors due to Client's failure to timely perform its responsibilities, the Client will authorize payment for an incomplete Deliverable as if completed and both the Supplier and the Client will agree to a corrective action plan for ensuring the incomplete Deliverable or missed Milestone are corrected so as to minimize the impact to the project schedule or to the performance of future Deliverables. The parties will agree upon and document a corrective action plan through the change management process if the overall project schedule must be adjusted or if future Deliverables are significantly impacted.

9. Fees. The total cost to the Client for the performance of the scope of work and Deliverables contained in this SOW (including expenses) shall not exceed the Not-to-Exceed ("NTE") amount mentioned in Appendix B and Supplier agrees to perform the work specified in this SOW and the obligations under the Master Agreement at or below such NTE price.

10. Payment Terms

10.1. Invoice. The Supplier may tender an invoice at the end of every month.

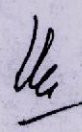

10.3. Payment of Invoices. The Client will pay all invoices submitted in accordance with the terms of this SOW within 10 days of the receipt of the invoice.

The parties have executed this Statement of Work as of the Effective Date.

10.4. Review. However, the requirement of resource persons (Software Engineers) will be reviewed mutually after 4 months considering the requirements of SGT University.

SOFTWARE IMPLEMENTATION AGREEMENT

This Software Implementation Agreement is a legal agreement (SIA) between SCISCO IT SOLUTIONS PVT. LTD. ("Developer") having its office at 17/159, Sector 24, Rohini, New Delhi 110085 and the SGT UNIVERSITY, ("Client"), running its campus at Budhera, Gurugram, Haryana signatories of the Statement of Work, and shall be effective from the date of signature as indicated in the Statement of Work.

1. Price and Payment Terms

Client will pay Developer for the Work at the price and on the terms set forth in the "Statement of Work". The price set forth in this SIA does not include taxes. If Developer is required to pay any Central, state or local taxes based on the services provided under this SIA, these will be separately billed to client. Developer will not be liable for any interest or penalties incurred due to late payment or non-payment of these taxes by Client, but instead Client will be fully responsible for payment of said interest. Client shall not be liable for any central, state and local taxes, which Developer is liable to pay as per applicable laws, rules and regulations etc.

2. Confidential Information

A. All information relating to Client that is known to be confidential or proprietary, or which is clearly marked as such, will be held in confidence by Developer and will not be disclosed or used by Developer except to the extent that such disclosure or use is reasonably necessary to the performance of Developer's Work.

B. All information relating to Developer that is known to be confidential or proprietary, or which is clearly marked as such, will be held in confidence by Client and will not be disclosed or used by Client except to the extent that such disclosure or use is reasonably necessary to the performance of Client's duties and obligations under this SIA.

3. Warranty and Disclaimer

Developer warrants the Work will be performed in a workman like manner, and in conformity with generally prevailing industry standards. This warranty is exclusive and is in lieu of all other warranties, whether express or implied, including any warranties of merchantability or fitness for a particular purpose and any oral or written representations, proposals or statements made on or prior to the effective date of this SIA. Developer expressly disclaims all other warranties.

Neither party will be liable to the other for special, indirect or consequential damages incurred or suffered by the other arising as a result of or related to the use of the Software, whether in contract, tort or otherwise, even if the other has been advised of the possibility of such loss or damages. Licensor's total liability under this SLA with respect to the Software, regardless of cause or theory of recovery, will not exceed the total amount of fees paid by Licensee under this SLA.

4. Relation of Parties

The performance by Developer of its duties and obligations under this SIA will be that of an independent contractor, and nothing in this SIA will create or imply an agency relationship between Developer and Client, nor will this SIA be deemed to constitute a joint venture or partnership between the parties.

However, the Licensee shall have the right to retain the Database in the Readable format with Structure and Schema.

5. Employee Solicitation/Hiring

During the period of this SIA and for twelve (12) months thereafter, neither party will directly or indirectly solicit or offer employment to or hire any employee, former employee, subcontractor or former subcontractor of the other. The terms "former employee" and "former subcontractor" will include only those employees or subcontractors of either party who were employed or utilized by that party within twelve (12) months immediately prior to the alleged violation.

6. Non-assignment

Neither party will assign this SIA, in whole or in part, without the prior written consent of the other party. If Client sells its business to another person or firm, such consent will not be unreasonably withheld. This SIA will inure to the benefit of, and be binding upon the parties hereto, together with their respective legal representatives, successors and assigns, as permitted herein.

7. Entire Agreement

This SIA, together with any attachments referred to herein, constitutes the entire agreement between the parties with respect to its subject matter, and supersedes all prior agreements, proposals, negotiations, representations or communications relating to the subject matter. Both parties acknowledge that they have not been induced to enter into this SIA by any representations or promises not specifically stated herein.

8. Ownership of Intellectual Property

Developer will retain ownership of all proprietary rights to the Software developed pursuant to this SIA. Upon full payment of the fees set forth in this SIA, Developer will grant to Client a license to install and use the Software in its own business.

9. Term and Termination

Unless terminated as provided herein, this SIA will extend to and terminate upon completion of Developer's Work as provided herein. Client may terminate this SIA without cause upon ninety (90) days written notice. In the event of termination without cause, Client agrees to pay Developer for all of Developer's Work performed up to the date of termination. Either party may terminate this SIA for material breach, provided, however, that the terminating party has given the other party at least thirty (30) days written notice and the opportunity to cure the breach which has not been rectified after repeated reminders. Termination for breach will not alter or affect the terminating party's right to exercise any other remedy for breach.

Tally for Commerce & Mgt

MOU - TEPL and SGT University

This memorandum of understanding is entered on 13/03/18 2018 between Tally Education Private Limited and SGT University, effective from 13/03/18

Tally Education Private Limited (TEPL):

Tally Education Private Limited is a company incorporated under the provisions of Companies Act, 1956 having its Registered Office at No. 23 & 24, AMR Tech Park II, Hongsandra, and Hosur Road, Bangalore - 560068 (hereinafter referred to as "TEPL").

Background:

TEPL is a subsidiary of Tally Solutions Pvt. Ltd. (hereinafter referred to as "TSPL") an organization authorized by Tally Solutions to design and conduct assessments and certifications. TEPL is committed to working with educators, educational organizations and industry partners to expand the world of learning with technology. Our Education programs are designed to facilitate learning in a seamless manner with relevant and demand driven. Because of the industry demand most of the academic institutions have partnered with us to enable the candidate and make him job ready. TEPL has created a network of more than 800 empanelled centers across more than 350 cities in India to teach Tally and related skills.

SGT University:

SGT University came into existence by the Haryana Private Universities (Amendment) Act, 1999 making educational opportunities available to all segments of the society under the Haryana Educational Charitable Trust, which was founded in 1999.

University prior commitment and vision is to disseminate knowledge of diverse disciplines and focus on the overall development of our students, by inculcating strong morals of compassion, empathy, service to mankind among them. For enabling its students to excel in diverse areas, the University focuses on indoctrinating them to think 'intensively' and 'critically' and inculcating innovative skills.

SGT University imparts education from Undergraduate to Ph.D. level in Health Sciences, Engineering, Commerce, Management Sciences, Law, Hotel Management, Physical Sciences, Life Sciences, and Management and Social sciences through its following faculties:

TEPL and SGT University:

We share the common vision of empowering the candidates by imparting industry relevant skills and increasing their employability. To achieve our common goal, TEPL and SGT University have entered into a non-exclusive basis on the following framework.

skills.

SGT University:

SGT University came into existence by the Haryana Private Universities (Amendment) Act No. 8 of 2019 making educational opportunities available to all segments of the society under the parasol of Dashmesh Educational Charitable Trust, which was founded in 1999.

University prior commitment and vision is to disseminate knowledge of diverse disciplines and working on the overall development of our students, by inculcating strong morals of compassion, empathy and service to mankind among them. For enabling its students to excel in diverse areas, the University focuses on indoctrinating them to think 'intensively' and 'critically' and infusing in them leadership and innovative skills.

SGT University imparts education from Undergraduate to Ph.D. level in Health Sciences, Engineering, and Commerce, Management Sciences, Law, Hotel Management, Physical Sciences, Life Sciences, Media Management and Social sciences through its following faculties:

TEPL and SGT University:

We share the common vision of empowering the candidates by imparting industry relevant skill sets and increasing their employability. To achieve our common goal, TEPL and SGT University will collaborate on a non-exclusive basis on the following framework.

Role of Tally Education Pvt. Ltd.:

1. Shall provide assessment links to SGT University and students who pass in the assessment shall be given a digital certificate with a certificate number. The authenticity of the certificate can be verified in the TEPL website.
2. TEPL shall provide required login credentials to SGT University or to its centers.
3. Shall conduct Train the Trainer (TTT) program for SGT University, to be scheduled in advance. The costs per training program will be borne by SGT University.

Role of SGT University:

1. Shall share details of centers for the purpose of rendering Tally Assessment and Certification programs.
2. Shall ensure that the faculty training on Tally is covered under the Train the Trainer program with a periodic cadence, such that every faculty is re-trained at least once every 18 months.
3. On receipt of student data, SGT University will periodically update student's information in TEPL Portal. This will allow the student to apply for any jobs listed by employers looking to hire trained personnel and access other resources as may be made available by TEPL from time to time.
4. Shall provide required space and IT infrastructure like Computers/ Laptop, webcam and Internet to the students for undergoing the Tally online assessments at no additional cost to TEPL. SGT University shall maintain confidentiality of proprietary/confidential information shared by TEPL and such confidential information shall be used by SGT University only for training and education purpose.
5. Shall share correct GST registration details for each billed entity to allow TEPL to raise invoice accordingly.

Review:

SGT University and TEPL shall jointly review the progress every quarter and the minutes of such reviews will be documented and will form the basis for subsequent actions to grow the business, including launching of new products and future developments.

Other Terms and Conditions:

1. The parties are responsible for their individual acts of commission and /or omission, due to their negligence, and non-compliance of statutory liabilities and obligations.
2. The engagement is on a principal to principal basis and no party shall hold each other as agent and or principal of the other for any liability.
3. This engagement is not intended nor shall be construed as creating a joint venture, partnership or other form of business association.
4. In no event shall TEPL be liable for any incidental, punitive, direct, indirect or consequential damages whatsoever, (including but not limited to damages for loss of profits or confidential or other information, for any kind of interruption, for personal injury, for loss of privacy for failure to meet any duty including of good faith or of reasonable care, negligence, and any other pecuniary or other loss whatsoever) or otherwise in the event of fault, tort (including negligence), misrepresentation, strict or product liability, breach of contract or breach of warranty and even if the party has been advised of the possibility of such damages.
5. Term: This Agreement is valid for the period of three year from the date of execution of this Agreement. Either Party can mutually renew this agreement by giving 30 days advance notice to the other.
6. Termination:

It is expressly agreed between the parties that either party shall be entitled to terminate this agreement at any time by giving prior notice of 60 days in writing without assigning any reason whatsoever.

Confidentiality of Relationship and Information

That the information provided by the other party

- negligence, and not on a basis of liability and obligation.
2. The engagement is on a principal to principal basis and no party shall hold each other as agent or principal of the other for any liability.
 3. This engagement is not intended nor shall be construed as creating a joint venture, partnership or other form of business association.
 4. In no event shall ~~TEPL~~ be liable for any incidental, punitive, direct, indirect or consequential damages whatsoever, (including but not limited to damages for loss of profits or confidential or other information, for any kind of interruption, for personal injury, for loss of privacy, for failure to meet any duty including of good faith or of reasonable care, negligence, and any other pecuniary or other loss whatsoever) or otherwise in the event of fault, tort (including negligence), misrepresentation, strict or product liability, breach of contract or breach of warranty and even if the party has been advised of the possibility of such damages.
 5. Term: This Agreement is valid for the period of three year from the date of execution of this Agreement. Either Party can mutually renew this agreement by giving 30 days advance notice to the other.
 6. Termination:
It is expressly agreed between the parties that either party shall be entitled to terminate this agreement at any time by giving prior notice of 60 days in writing without assigning any reason whatsoever.
 7. Confidentiality of Relationship and Information:
The parties shall severally take care to ensure that the information provided by the other party remains confidential and further agree not to use the Confidential information for any purpose other than the purpose for which it is intended. The parties shall not disclose any Confidential information to anyone other than the employees of either organization who need to know the Confidential information. This clause shall survive even after this Engagement.
 8. Trade Marks, Trade Names and IPR's
The parties hereby acknowledge and confirm that all Intellectual property rights in respect of and relating to the trademarks, service-marks, copyrights, trade names including their respective corporate names, brand name or any part thereof (hereinafter collectively referred to as "Intellectual Property") are owned / possessed by respective owners and nothing contained in this Engagement shall, unless specifically provided, be deemed to authorize the other party to use or give any right in respect of any of the Intellectual Property of the respective owners.

Registrar
SGT University

The parties shall not use in any manner whatsoever any of the Intellectual Property (as defined) not except as expressly authorized in writing and for the purpose/ period thereof.
The parties shall strictly comply with requirements and specifications relating to the display of any logo, trademark, and copyright relating to the Intellectual Property.
Upon the expiry or termination of this Engagement for any reason, the parties shall immediately cease and desist for all time from any use of or reference to the Intellectual Property of the other party. The parties acknowledge and confirm that all materials given by them whether in printed, written or electronic form, constitute copyright ownership of respective parties and reproduction in any form or by any means mechanical or electronic including photocopying, recording or by any information storage or retrieval system is not permitted and shall constitute a breach of the terms of this Engagement warranting such steps as may be deemed appropriate including but not limited to termination of this Engagement.

9. **Dispute jurisdiction and resolution:**

Any and all differences and disputes whatsoever arising between the parties shall in the first instance be resolved mutually between the parties and in the event of a non-resolution the matter may be referred to arbitration to a person jointly appointed by the parties as per the law relating to arbitration in India and the decision of the arbitrator shall be final and binding on all parties. The arbitration proceedings shall be held in Bangalore.

All disputes shall be governed in accordance with the laws prevailing in Bangalore. Only competent courts within Bangalore shall have jurisdiction to try any suit or proceedings whatsoever arising or in any way connected with this Engagement.

10. **Assignment:**

Neither party shall, without the other's prior written consent assign, change, charge or otherwise transfer or delegate or share the rights, obligations or any provision of this Engagement to any other person.

11. **Force Majeure:**

Neither Party shall be liable for any delay or default in performing any of its obligations and if such delay is due to bandh, strikes, riots, natural calamities, any other act of God or unforeseen circumstances. However, payment of money dues shall not be covered by the Force Majeure condition.

IN WITNESS WHEREOF this MOU has been executed by the duly authorised representative of each Party on the day, month and year first above written.

Statement of Work

This Statement of Work ("SOW") is made on January 2, 2019 between SGT University ("Client") and Nebel Infotech ("Supplier") for SGT University ERP Software.

1. Overview

1.1. **Scope and Objectives.** The Scope and Objectives of this SOW are as follows.

Nebel Maintenance team is responsible to perform the enhancement and maintenance of SGT ERP application. SGT ERP application is an internal tool for managing End to End student life cycle, Supply Chain Management, Mess, Transport, Fee Management etc. The application also has an authorization module, which the SGT ERP administrator can use to create various profiles and assign those profiles to ERP users. These profiles would decide the access controls and permissions of the users on the SGT ERP application

Following are modules (scope) to be covered in Initial months:

1. Admission Module

- (a) Booking of seat
 - (i) There must be a provision to accept the amount for seat booking by the candidates with some temporary booking number for proper accounting and with capturing some basic details of the candidate
 - (ii) Confirmation of admission, if candidate wishes to get admitted at later stage
 - (iii) Adjustment of seat booking amount in Fee Structure, if candidate wishes to get admitted at later stage
 - (iv) Provision to refund the amount after some deduction, if candidate wishes to do so
- (b) There must be provision to upload the scanned documents of the students
- (c) Admission through Lateral Entry already exists in the system, but there is a need for Identification of that admission as Lateral Entry Admission
- (d) For sale of Prospectus, there must be a provision for Complementary and the amount for the same will be zero

2. Finance Module

There must be provision to create the fee structure for a particular session which will be applicable for whole duration of the course for that particular student which will not be linked with promotion of the students

Registrar
SGT University
Budhera, Gurugram

- (a) Each fee head must be having check box for mapping the required fee heads for the subsequent Years/Semesters
- (b) There must be separate fee structure/fee heads for the students getting admission through Lateral Entry
- (c) There must be provisions to fix the last dates for fee submission for each Year/Semester at initial stage itself i.e. First Date without late Fee, Second with Late fee of some amount, Third with Late fee of some amount
- (d) If student is not paying the fee upto Third date, he/she will get inactive automatically. and will required get re-admitted with Re-admission fee along with the fine and the rights for the same will remain with Admin
- (e) The fee structure will be activated by the CFAO for the subsequent Years/Semesters and the same will be reflected in the fee window of the students
- (f) There must be triggers to the defaulter Students and the Dean regarding last date of fee submission i.e. before seven days, before three days and before one day
- (g) The fee receipt is required to be generated with continuation numbering followed by two digits of the current year
- (h) Demand Letters/Reports (Format will be provided by CFAO)

3. Academic

Creation of Subjects

(a) There must be provision to create the subjects for particular session which will be applicable for the students who get admitted in that particular session. The subjects will be of two categories :

- (i) Core Subjects. These subjects will be automatically mapped with the students.
- (ii) Elective Subjects. Students will need to choose the subjects from the list of the Elective Subjects as per their choice or as per the instructions of the Faculty

The students are required to choose the elective subjects at the beginning of the session itself forcibly

- (b) There must be provision to map these subjects for next session with changes, if any
- (c) The subject code will be auto generated with the combination of Faculty Code, Course Code, Year/Semester and three digits of code (for example : 010101001)
- (d) There will be common basket of the subject (under CBCS module) from University and students are required to choose from this basket as per their choice or as per the instructions from the faculty
- (e) Creation of subjects is required to have the following fields :

Registrar
SGT University
Buehara, Gurugram

- (i) Subject Code (auto generated)
- (ii) Faculty (Selection from drop down box)
- (iii) Course (Selection from drop down box)
- (iv) Session
- (v) Subject Name
- (vi) Year/Semester (Selection from drop down box)
- (vii) Theory or Practical (Selection from drop down box)
- (viii) Core or Elective (Selection from drop down box)
- (ix) Lecture
- (x) Tutorial
- (xi) Practical
- (xii) Grade or Marks (Selection from drop down box)
- (xiii) Maximum Theory Marks
- (xiv) Pass Marks
- (xv) Maximum Practical Marks
- (xvi) Pass Marks
- (xvii) Maximum Internal Marks
- (xviii) Pass Marks
- (xix) Maximum Oral Marks
- (xx) Pass Marks
- (xxi) Credits
- (xxii) Pass Scheme (Selection from drop down box)
 - Theory+Internal+Practical+Oral
 - Theory+Internal+Practical
 - Theory+Practical

- (e) There must be provision to assign one subject to multiple faculties for marking the attendance

Creation of Course

There is a requirement to add the following additional fields :

- (a) Dean (Selection from drop down box)
- (b) Grace Marks (Selection from drop down box)
 - 1% of the total Theory marks of that particular course
 - 1% of the total of all the marks of that particular course

Registrar
SGT University
Budhera, Gurugram

4. Examination Module

- (a) Enhancement/Modifications in the existing modules (Will be discussed in person by Examination Branch with Software Engineer)
- (b) Enhancement/Modifications in the existing reports (Will be discussed in person by Examination Branch with Software Engineer)
- (c) There must be a provision to type AB (Absent) while updating Internal and Practical awards by the Faculty.
- (d) For updating results remarks, we have to go one by one student which is a very high time-consuming process. It should be as selection base : Session, Faculty, Course, Semester, Examination Date, Exam Type.
- (e) There must be a provision to give an alert (Through E-mail and SMS) regarding last date for submission of exam form by the students. (a) Before 7 days (b) Before 3 days (c) Before 1 day
- (f) At present, any Dean can clear eligibility of any student may be belonging to other faculty. Restriction for particular Dean is required.
- (g) At present, any Dean can promote any student of any course. It should be restricted to the concerned Dean only
- (h) There must be a provision to give alert to the respective Dean, COE and Admin regarding the non-submission of exam form by the student in respect of the students who have not submitted their exam form (a) Before 7 days (b) Before 3 days (c) Before 1 day
 - (i) There must be alert to the COE, respective Dean and Student if any changes being done by Admin in the profile of the student with notification of change
 - (j) There must be provision to fix the last date for submission of Internal and Practical marks by the faculty member
 - (k) Provision to give alert to the concerned Faculty and Dean regarding last date for submission of Internal & Practical Marks (a) Before 7 days (b) Before 3 days (c) Before 1 day
 - (l) There must be provision to fix the last date for validating the student eligibility by Dean and Finance Branch
- (m) There must be provision to give alert to the respective Dean and Finance Branch along with to the Admin for not validating the students (a) Before 7 days (b) Before 3 days (c) Before 1 day
- (n) Printing & Scanning along with all other modules are required to be shifted under Examination Module
- (o) Any Dean can Assign Evaluator to any subject may be belonging to other faculty. Restriction for particular Dean is required.

Registrar
SGT University
Budhera, Gurugram

5. SCM/Stores Module

- (a) Enhancement/Modifications in the existing modules (Will be discussed in person by SCM/Stores Department with Software Engineer)
- (b) Enhancement/Modifications in the existing reports (Will be discussed in person by SCM/Stores Department with Software Engineer)

1.2. Period of Performance. The period of performance for this SOW will be 1 Year commencing on Jan 1, 2019 and may be renewed for successive periods.

1.3. Place of Performance. The services will be performed at Nebel Offices. The Nebel team would be visiting client premises as and when required (specially at the start of each 2 week sprints)

1.4. Statement of Work Type. This is a Time and Materials - Not to Exceed ("NTE") Statement of Work.

2. Execution approach:

The project execution methodology adopted by NEBEL will be Agile/Scrum. Project deliverables will be incremental with few requirements delivered in each Sprint cycle. The outline/steps involved in the Scrum methodology are outlined below:

- All the requirement specification would be provided by SGT University to NEBEL in the form of a requirement document.
- Sprint Cycle will be of 2 weeks which will include development & QA of the created functionality. This will be carried out by NEBEL.
- There will be a daily Scrum meeting involving all the team members to discuss about progress and any impediments.
- At the end of each Sprint Cycle there will be a Sprint Review Meeting which will involve demonstration (working product) of the features developed during the Sprint to the client. This will involve quick feedback session from the Client. This will be arranged based on the schedule & availability from SGT University.
- The completed features from development team will be deployed which can be used by the Client team to perform their testing. Any defect or feedback provided by client during testing will be taken up by the development team in the subsequent Sprints. After the Initial Execution (IE) Phase there will be additional UAT phase to take care of any pending items or defects to be fixed before final release.
- Any Client feedback or pending bugs during the Sprint Demo will be taken up in the next Sprint as per Sprint Plan.

Registrar
SGT University
Budhera, Gurugram

- For Project Tracking & Defect Reporting, NEBEL will be maintaining cloud hosted Defect tracking online sheet which can be accessed by Client also.

3. Personnel

3.1. Supplier Personnel. The personnel furnished by the Supplier for performing efforts under this SOW will have adequate qualifications to perform the work. Upon Client's reasonable request, the Supplier will promptly replace personnel that are not able to perform in accordance with this SOW.

3.2. Key Supplier Personnel.

The Supplier will ensure a smooth and timely transition for any key personnel replacement to minimize any adverse impact to the services provided to Client in this SOW.

4. Supplier Tasks and Deliverables

4.1. Supplier Tasks and Responsibilities

- (a) The Supplier will provide the necessary resources to plan, implement, and manage work necessary to meet the project objectives and prepare the Deliverables.
- (b) The tasks and responsibilities required of Supplier by this SOW consist of; but are not limited to, the following.

Overall the project will cover all the maintenance (viz. problem determination, fixing, testing, solution building, environment issue tracking) and enhancement activities (e.g. viz. Coding the enhancements, Testing and Support for deployment).

For SGT ERP Maintenance, the activities will include:

- Problem coordination, problem determination and code fixing for Problem tickets in a priority order determined by Severity (Severity 1/2/3). Severity 3 problems won't be handled if there are pending Severity 1 & Severity 2 problems.

Severity 3 problems will be handled via the process agreed to by the application owner (Client Representative).

- Provide 8x5 support for all maintenance tickets
- Provide limited on call support for Severity1 during the off-shift hours.
- Planning for releases and Fix Packs.
- Ensuring SLA adherence for all Problem Tickets.

4.2. Supplier Deliverables. Supplier shall prepare and deliver the following Deliverables to the Client in accordance with the requirements of this SOW and the dues dates and Acceptance criteria.

Registrar
SGT University
Budhara, Gurugram

5. Client Tasks and Responsibilities. The following Tasks and Responsibilities required of Client are dependencies to the Supplier's ability to perform its obligations under this SOW:

- perform all tasks specifically and reasonably assigned to it by NEBEL, as agreed in the project plan, including without limitation following the instructions of NEBEL
- be and remain current in all of Client's financial obligations to NEBEL

Client will also provide NEBEL with timely and complete access to:

- all necessary and other reasonably requested information and documentation
- all necessary business users, Client stakeholders, and executives who shall be empowered to make decisions related to application scope, functionality, acceptance criteria, etc., and who will provide NEBEL with timely decisions and feedback
- Client hardware, software and system development/test environments created by Client, for release testing and application training purposes, including uninterruptible access for all Client systems
- all required infrastructure online for release testing and application hosting if and to the extent requested by NEBEL
- a Client Liaison who will be responsible for overseeing all communications with NEBEL and resolving any issues throughout the project and shall provide timely information, review and feedback
- All logos / images to be used on the application to be provided by the client.

6. Project Management

6.1. Governance. The Supplier and the Client will apply Project Management Institute project management and governance processes. Supplier and Client will closely monitor project timelines using progress reviews to minimize schedule risks and to develop alternate workflows, as necessary.

6.2. Project Managers. The Supplier and the Client will each appoint project managers who shall serve as the single point of contact for purposes of communications related to the SOW.

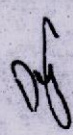

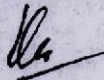

6.4. Progress Meetings. The Client and the Supplier will support and provide representation at progress review meetings, as required, which meetings will be on a regular schedule as mutually agreed by the parties.

6.5. Reports

(a) Monthly Progress Reports. The Supplier shall prepare a monthly "time on task" summaries including a description of the time spent, by Supplier resources, on certain subtasks for that month and provide a timeline of activities that clearly state the deadlines for each month's deliverables.

(b) Final Report. The Supplier shall prepare a final summary report upon completion of the work performed and results obtained for the entire contract period of performance. This report

Registrar
SGT University
Budhara, Gurugram

shall summarize tasks performed during the SOW term and estimated projections for future effort.

7. Change Management Process. The Client Project Manager and the Client Purchasing Contact will coordinate all changes to the SOW through Change Orders processed in accordance with the terms of the Master Agreement.

8. Completion Criteria

8.1. Payment for Completed Deliverables. The Client will authorize payment for complete Deliverables only after complying with the Acceptance Process specified above.

8.2. Payment for Incomplete Deliverables. In the event any Deliverables are not performed in accordance with this SOW because of factors due to Client's failure to timely perform its responsibilities, the Client will authorize payment for an incomplete Deliverable as if completed and both the Supplier and the Client will agree to a corrective action plan for ensuring the incomplete Deliverable or missed Milestone are corrected so as to minimize the impact to the project schedule or to the performance of future Deliverables. The parties will agree upon and document a corrective action plan through the change management process if the overall project schedule must be adjusted or if future Deliverables are significantly impacted.

9. Fees. The total cost to the Client for the performance of the scope of work and Deliverables contained in this SOW (including expenses) shall not exceed the Not-to-Exceed ("NTE") amount mentioned in Appendix B and Supplier agrees to perform the work specified in this SOW and the obligations under the Master Agreement at or below such NTE price.

10. Payment Terms

10.1. Invoice. The Supplier may tender an invoice at the end of every month.

10.3. Payment of Invoices. The Client will pay all invoices submitted in accordance with the terms of this SOW within 10 days of the receipt of the invoice.

The parties have executed this Statement of Work as of the Effective Date.

10.4. Review. However, the requirement of resource persons (Software Engineers) will be reviewed mutually after 4 months considering the requirements of SGT University.
